Finishing Early

Her eyes worked my weak and horny body, I knew her intentions, I could see her main goal. She adjusted her boobs in her top to get her girls up and ready for what was about to come.

“Now with him gone...” She took a single step, her boobs wobbled in her top, nearly breaking their way out. “I can show you what you missed out on earlier...”

I started to breathe quicker, almost hyperventilating.

“Lisa... I...”

“What is it Ethan? I know you love these... You’ve not taken your eyes off them most of the day, with the others gone, you’ve got nowhere else to look...”

With an almighty thud she slammed her boobs down on the desk and almost sent everything flying.

“Why resist...”

Lisa moved her hands to the hem of her top and slowly pulled.

A button popped and it looked like her boobs bulged forward.

Holy shit...

Moments ago, I watched Rob cum in his pants from this very same treatment, I don’t know how I was going to resist this young busty woman staring me down.

Pop.

Another button went and her boobs swelled out even further.

“I know you want these...” She was turning the heat up and I was starting to sweat.

Why was she being this forward...

Standing back up, lifting her boobs Lisa started to strut her way around the desk and her huge breasts hovered above me.

The cycles are making them change but this cycle their personalities seem to be changed too...

I was trying to think about things rather than deal with the mounds before me.

It wasn't really working.

I was on the edge of exploding in my pants much like Rob had.

Nobody is here to save me now.

I heard a noise come from Chloe's office door.

Chloe!

I expected Lisa to stop but she didn't, actually she just popped the rest of her buttons, her giant breasts just in her bra now before me. She looked over her shoulder and saw Chloe walk into the main office.

I expected Chloe to ask where everyone was but instead she walked right over to Lisa and looked over her shoulder and breasts at me leaned back in the chair with my erection trying desperately to get out of my pants.

Then I saw her facial expression change again.

“Time to finish what we started earlier I think Ethan...” Chloe said.

Lisa lifted an eyebrow and looked at the nearly equally busty Chloe. “Funny... I was thinking the same thing...”

Fuck...

With a firm push, Lisa pushed my chair with her foot, and I was pulled away from my desk completely. I was frozen, it felt like I was prey about to get devoured. Both women got on their

knees at my feet and Lisa helped Chloe undo her buttons.

“What are you waiting for... You aren’t going to make us do it are you?” Chloe said, the stern underlying voice was still present.

Truth be told, I couldn’t move, it felt like moving would be me playing a part in this happening and whilst my dick wanted this desperately, I couldn’t bring myself to do it.

Could I?

Both girls by my knees, their heavy breasts pressed against each knee, still in their bras.

I guess Lisa’s didn’t rip after all...

“I don’t think we’ve done enough to get him to play along...” Lisa said with a playful tone.

Chloe gasped and her boobs fell forward, succumbing to gravity thanks to Lisa unclasping her bra.

“You bitch.” Chloe giggled before doing the same to Lisa.

Both women lifted themselves up, still on her knees, their bras loose with each cup hanging onto their boobs.

“Pull it out...” Chloe commanded.

I...

Lisa didn’t wait, she pawed her way up my thigh, taking care to caress my throbbing dick, and undone my zip and reaching into my pants to unsheathe my cock.

Standing proud and tall, I looked at them both with lust and desperation.

“I don’t think he is excited enough...” Lisa added. “I think we should take these off...”

Lisa’s hands left my throbbing member and went to the straps on her shoulders. Chloe followed her lead.

Without much extra warning they both dropped their bras at the same time. Falling to the floor beneath me, I stared in awe at each of their massive pair of tits.

Chloe’s were huge, still engorged so much, dribbling milk and her Areola were dark.

Lisa’s, up close, were amazing. I had seen them earlier but this close was something else.

Immense wasn't a powerful enough word to describe what I was staring at right now. I looked at the huge melon with the thick hard nipple at the end of it. Her boobs were heavy, large and perky all at once, it almost looked as if she had inflated them because of how perky they were, certainly much perkier than Kelly's, and even Chloe's. Chloe's breasts weren't as perky because of the immense weight that her engorged teats were under thanks to the milk she was producing.

Together, in unison as if they had practised it. They hefted their breasts up and dropped them on my thighs and lower torso, my dick being sandwiched between the four largest breasts I had ever seen. The sensation was unbelievable, the pressure, the tightness from the compression and the warmth was the most arousing thing I had ever felt.

I gasped in a lust fuelled agony.

Chloe and Lisa had a pleased look on their faces.

"Do you think he is enjoying?" Chloe said to Lisa, her eyes not leaving mine.

"I think he could be enjoying more..."

Lisa's words made Chloe break eye contact from me, turning to face her busty coworker and was immediately greeted by Lisa's mouth. They were making out, their breasts were mashing and squeezing against my cock, their tongues dancing in each other's mouth, their hands roaming over each other's tits.

It was too much.

I grunted loudly and I exploded in the deep cavern of their tits. I thought I was going to black out from the immense feeling of my orgasm, it had built all day but finally I couldn't stand anymore. I thrust my hips and coaxed the entire contents of my balls out between their boobs. Leaning back, panting, I looked at the two women and realised that I had already become an afterthought as Lisa and Chloe were starting to really go at it.

I wheeled myself backwards and removed my spent dick from their wall of boobs, watching a pool of milk forming beneath them. I stood up and like a dog with its tail between its legs I shuffled out the office.

I gotta get out of here...
