SEXGAZER'S DOLLHOUSE

THE STORY SO FAR...

DollHouse #1 - #3

Amber is a timid and dedicated student at **Kant University**. She has no time for parties... or any other kind of pleasure; bad experiences with men have made her fearful of exploring her sexuality. Regardless, the flame of lust is growing inside her. A young hacker called Tob (A.K.A. "G-host") is the leader of the DollHouse: A super exclusive sex club. Using his high-tech gadgets, Tob reprograms Amber's mind. It doesn't take long for the innocent Amber to turn into a complete slut.

DollHouse #4

In her first **DollHouse Roleplay party**, the new Amber plays a maid ready to satisfy her naughty master. However, G-Host isn't enjoying the show. **Adrien Badeaux**, DollHouse's most loyal member, suspects something is wrong. Tob has been set up by a couple of old perverts, eager to turn the girls into their sex dolls.

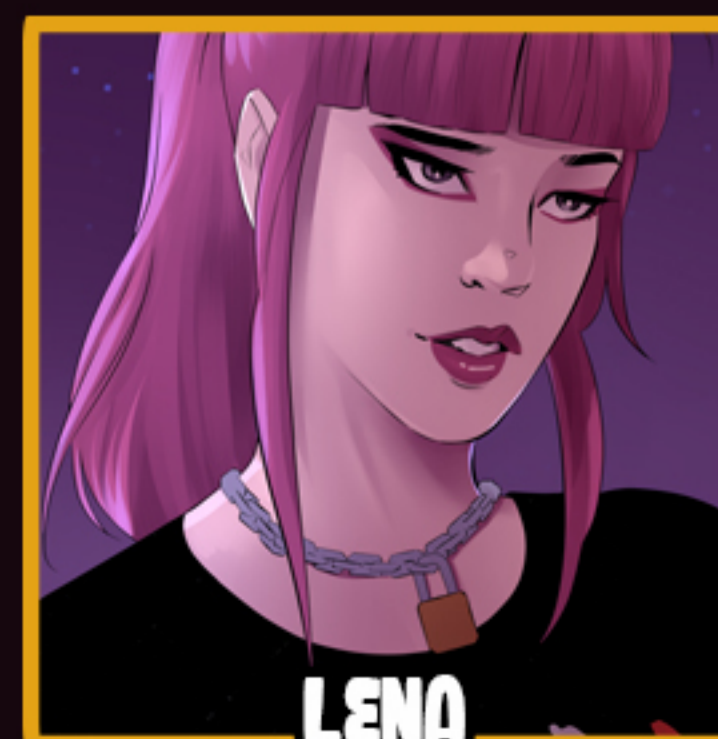

DollHouse #5

We go back two years in the past, before the founding of the DollHouse and before Tob became G-Host. Adrien hires the young hacker to investigate his wife, **Ana Badeaux**. But Tob doesn't have to dig too deep; a person close to him, **Lena**, is one of Ana's many sexual partners. They know that Adrien is a dangerous man, so Tob decides to ask for help from a dark being who lies in the labyrinths of his disturbed mind. We are about to witness the birth of **G-Host** and **DollHouse**.

NOW YOU ARE READY TO READ **DOLLHOUSE #6**
