

Chapter 55: From Bliss to Bloodlust

(Lemon)

Looking at the vision of beauty before me that was Luna, I couldn't help but compare her to a fae with her delicate features.

Shaking off the thought I leaned down and captured her lips once more and was enthusiastically responded by the blond making her let out a slight moan.

"Mmn~"

Pulling away making her whine, I kissed my way down her throat before gently kissing her ear making Luna shiver and let out a giggle.

"Hihi, it tickles~"

Smiling I grabbed her left breast and gave it a small squeeze turning her giggle into a moan again before smirking and pinching her cute nipple.

"A-Aether~ I-It feels good. My nipples feel good." Luna let out as she breathed hotly and pushed her chest further into my hand.

"Have you never played with them?" I asked as I slowly leaned down and kissed her other nipple getting another gasp from her.

"N-No. I-I read it felt better if it was done by another." Luna muttered as she looked down at me while breathing heavily.

"Good girl, now just relax while I teach you how good sex feels like." I muttered into her nipple blowing on it making her shiver before popping it into my mouth.

"Mmna~ O-Okay." Luna muttered as she wrapped her hands around my head and pushed me further into her breasts.

I took my time savoring her, making sure to leave no spot untouched as my hands, mouth and tongue roamed over her upper torso before slowly making my way down her stomach enjoying the sounds Luna was making.

"Mmmn~ Haaah. So good~ It feels so good, Aether~" Luna moaned as she rubbed her thighs together with a visible wet spot over her swimsuit showing just how wet she was.

Finally making it to my prize I skipped it for a moment making Luna whine as I kissed her thighs slightly chuckling at how she raised her hips silently asking me to touch her soaked pussy.

"You're drenched, Luna." I muttered grabbing a hold of her bikini bottom and Luna immediately raised her hips off the floor making it easier for me to slide it off her legs before discarding it to the side. She was hairless of course and her pussy lips were already puffed with arousal.

"H-hurry~ I feel so hot." Luna let out in a deep breath as she sat up with her elbows supporting her and looked down at me.

"Hoh, you don't want any foreplay?" I asked teasingly with a raised eyebrow as I brought my finger down and ran it down her soaked slit making her shudder and jerk her hips.

"No. Just take me, please!" Luna said breathlessly as she shook her head and looked at me with a pleading expression.

Knowing I couldn't say no to such a face, I smiled and nodded leaning down to give her pussy a small kiss being rewarded with a moan before sitting up on my knees and dismissing my swim shorts into my inventory leaving me as naked as her.

I watched with growing pride as Luna's gaze immediately zeroed in on my throbbing dick, already rock hard our actions, and smirking as her eyes glazed over and a whisper escaped her lips.

"It's so biiig~ Will it even fit?"

"Haha, I assure you it will." I said with a proud smirk before looking down at Luna with narrowed eyes. "Now get on your hands and knees. While I usually don't start with this position, due to all the sand everywhere, I don't want your first time to be uncomfortable."

Blinking out of her daze, Luna looked at me before nodding her head before rapidly doing as told and turning around on all fours unintentionally wiggling her cute bum at me.

'I have a feeling I will have another pervert in my hands.' I thought silently as almost every unconscious made by Luna so far was extremely seductive. The way she bit her lips when she looked at me, the way she would sway her hips when she knew I was walking behind her and every reaction her body made while I was teasing her was extremely hot.

'Oh well. Not like that's a bad thing.' I grinned as Luna looked over her shoulder at me while breathing heavily and bit her lips.

"Please hurry~" Luna muttered in a pleading tone.

"So impatient." I grinned and playfully slapped her bum causing her shudder and let out a lewd moan and for her to start gushing even more. "Liked that huh?"

With a shake of my head, I positioned myself behind her and rubbed my tip with her juices for a moment before prodding her opening finding that she was extremely tight. Luna moaned and impatiently tried to impale herself on my dick but I held her hips steady getting a whine from her.

"Alright, here I go." I said prodding her again and after grabbing her hips to steady myself, I sheathed myself in one go.

"Aaaah~ I-It's fiinaaally innn." Luna moaned arching her body backward and letting her tongue roll out of her mouth as her eyes rolled to the back of her head as I felt my hips become drenched with her first orgasm.

"Your pussy is amazing, Luna." I muttered closing an eye at the incredible pressure her walls were squeezing me trying to milk me dry. I only paused for a moment before I started moving with her orgasm making it easier for me to slide back and forth.

"Aaah~ Aaah. W-Wait, Aether~ I-I just cummed. I'm still very sensitive." Luna drawled out in between moans I continued to move ignoring her words. Contrary to what she was saying though, her hips were moving back with a mind of their own as we met in the middle.

PLAP. PLAP. PLAP.

"This is what you wanted right?" I asked, spanking her for good measure getting her to cum again as her walls once more tried their best to suck me dry and failing.

"C-Cumming! I'm cumming again~"

"Ever since back at Hogwarts, you've been practically begging me to do this." I said picking up the pace and fucking her properly now that she was sufficiently wet.

"Do you know how many cases of blue balls you gave me that I had to have one of the others solve because of you?" I asked remembering all the teasing Luna had done in the past few months and upped my pace. "Now take your punishment like a good girl."

"Mnna haaah, yes~ I wanted this. Mum told me aah that sex was amazing, and ever mmn since then, I haven't ben able to stop thinking about it." Luna muttered incoherently as she pulled herself together and started meeting my thrusts head on.

"S-Sex is shoo good~" Luna continued as she looked back at me again with her tongue sticking out. "A-Aether, k-kiss me. I want a kiss."

Leaning down our lips met in the middle in a sloppy kiss that had our tongues battling for dominance which I quickly won. Then letting go of her waist, I grabbed her breasts instead and went back to kneading and tweaking her nipples as we kissed causing Luna to cum again.

“So good. Soo good. Sex is sooo good~” Luna drawled as her eyes rolled to the back of the head forcing her to break our kiss.

“H-Here’s your reward.” I said feeling my end quickly approaching and let myself go a moment later squirting her breasts a bit harshly and biting her on the neck.

My own release caused Luna to cum again as she let out a squeal and lost her balance only managing to remain upright with my help.

“I-I feel it~ Soo much. You’re letting out so much inside me.” Luna moaned as she twitched in my arms with her tongue sticking out.

Holding her until my release subsided, I finally pulled away and watched as Luna plopped down on the sand and my gaze wondered to her abused pussy that was now steadily leaking my cum down into the sand making me hard again.

“I feel soo full. Hihhi too bad we’re still in school or I would have really liked for you to put a baby inside me.” Luna muttered happily with a flush on her cheeks as she let out tired breaths with her hand coming to rest over her tummy and rubbing it.

“That’s for much later in life. For now, I hope you don’t think one round was enough to satisfy me after all you teased me?” I asked giving her a spank pulling her out of her fantasy.

“Aah~” Moaning at the spank, Luna looked up at me with a blink before her gaze lowered to my still hard dick still twitching with our combined juices. Then slowly a big smile spread across her face as her gaze went cloudy again before she started giggling.

“Yes, please~ Please use my body to your hearts content.” Luna said looking up at me again with a depraved expression on her face.

“Don’t mind if I do.” I said with a grin and sheathed myself back inside her again without giving her prior warning.

“Aaah~”

‘Yep, looks like Rin and Illya have another competition for the biggest pervert.’

=====

Several Hours Later

Just as I’d suspected, once Luna had a taste of the pleasures of sex, she turned almost insatiable. We spent hours going at it like a pair of horny rabbits before we finally had to stop, mostly because we kept needing to wipe the sand off our bodies.

After cleaning up the area with a few banishing spells so nobody would stumble upon the evidence of our little beach adventure, I dropped the barrier and we went looking for the others. Luna was practically glued to my side, clinging to me with a dreamy, blissed-out expression that made it very obvious to anyone looking what we’d been doing.

When we found the rest of the group, most of the girls took one look at Luna, who seemed mentally somewhere between cloud nine and the stratosphere, and immediately looked away, faces flushed. She barely answered any of their questions, offering only happy little giggles and shy blushes.

Not a single one of them could look me in the eye for the rest of the day.

...Well, except Astoria, who immediately started firing off extremely forward questions that I did my best to pretend I didn’t hear, much to her adorable annoyance.

"Aether, when is it going to be *my* turn?" Astoria asked, crossing her arms as we headed home. "I waited forever for you two to finish shagging, but by the time you did, the day was practically over!"

Luna, finally recovered enough to form full sentences, jumped right into the conversation, tightening her hold on my arm and giving Astoria a look that rode a very thin line between serene and predatory.

"Sorry, Astoria, but we had an agreement," Luna said sweetly, though her gaze sharpened on the brunette. "Aether is mine for today. And correct me if I'm wrong... but the day hasn't ended yet."

"You're still not satisfied after shagging for hours on end?" Astoria asked, brows rising. But when Luna shook her head and gave me a sultry look, Astoria's surprise melted into a wicked smirk. "Looks like I've got a lot to look forward to when my turn comes. I'm expecting great things from you, Aether~"

"You'll just have to wait and see," I answered with a grin, making her smirk widen in excitement.

"Can you please stop talking about shagging my sister in front of me? Or at the very least not doing where anyone can hear you?" Daphne's embarrassed voice cut in sharply. "And Astoria! Behave yourself in public!"

Astoria rolled her eyes—, ever a good sign, before a teasing grin slowly spread across her face. Daphne instantly paled.

"Says the closet pervert," Astoria said cheerfully. "Did you know I caught dear old sis masturbating the other night? She kept muttering your name over and over again in the shower."

"Astoria! Shut! Up!" Daphne screeched, looking mortified, but notably not denying anything.

I raised an eyebrow at Daphne, who immediately went scarlet and turned away.

'Daphne, a closet perv? Yeah, I can see it. The aloof, rich princess types are always freaky in private,' I thought confidently, basing my thinking entirely on anime logic.

Speaking of closet perverts, my gaze drifted to the silently walking trio of Ginny, Rose, and Hermione, my attention naturally settling on the latter. I still owed her a good spanking for that stunt last year with the Time Turner, and I had been putting it off far too long.

'Just you wait, Hermione. Before this trip ends, I'll bend you over my knee and give you the spanking you clearly never got as a kid,' I thought with a slow, wicked smile.

Hermione must have felt my stare, because she glanced at me, went bright red, and immediately snapped her head forward again.

Soon enough, we arrived back at the Poké Center. After a delicious dinner courtesy of Ilulu, everyone headed for bed.

Well... everyone except Luna and me. The moment we were alone, she grabbed my hand and dragged me into a private room to continue where we'd left off.

That night, neither of us got a wink of sleep as we eagerly explored the boundaries of our new relationship, leaving both of us breathless long before dawn.

=====

Following Day

After getting only a few hours of sleep, we ended up having a slightly late breakfast the next morning. Something that the others clearly noticed. Illya, Astoria, Sakura, and Rin all threw jealous looks at Luna, who, despite everything, looked absolutely radiant. Meanwhile, the others did their best to keep their gaze focused on their food and nowhere else, with red cheeks visible for everyone to see.

Another peaceful day at the beach awaited us, with more than one girl hoping to have their own turn with me today.

...Or at least, that was the plan.

As we made our way toward the shoreline, after Illya insisted on taking a “shortcut” through some alleyways, we were stopped by a group of grunts wearing black uniforms with a big red R plastered on their shirts.

Team Rocket.

Truly, nature’s greatest clowns.

“If you know what’s good for you, you’ll hand over all your Pokémon nice and easy,” Nameless Grunt #1 said, trying so hard to sound intimidating it looped back around to pathetic. “Then get back the way you came.”

“Oh, we don’t mind getting rough if that’s what you want,” Grunt #2 added with a lecherous tone, openly licking his lips as he stared at the girls. “I’d love to get my hands on some of you...”

Completely unaware of the grave they were digging, more of them joined in with their own disgusting remarks, leering at everyone but me.

“You won’t mind, right?” Grunt #3 said to me with a smirk. “You’ve got so many beauties around you, surely you wouldn’t mind letting us borrow a few, right, friend?”

Silence.

Not the heavy, dramatic kind.

The oh-you’re-dead-and-you-don’t-know-it kind.

Our entire group wore blank expressions, the kind that meant someone was about to die fast, messily, and creatively.

“...”

“Onii-chan, can I kill them?” Illya finally broke the silence, turning to me with a sweet smile and closed eyes that radiated pure murder.

“Yes, Senpai. Please allow me to punish them,” Sakura added calmly, her tone and expression as empty as the Rocket grunts’ collective brain cells.

‘Well, we were bound to run into them eventually.’
