## Chapter Six

It was a bold move and a big step to take us to the next level. Meeting in person, that was something that felt a million miles away only a few short days ago but breaking the barrier of being on a phone call seemed to start a fission type reaction and before I knew it Anna had booked time off work as had I. She was visiting some extended family in a nearby town and when I said I wasn't too far out of her way she seemed to nervously agree.

I was standing in my walk-in wardrobe, dressed in my nicest suit and ready to make the best first impression I could. I would be lying if I said there wasn't a level of anxiousness inside me.

*This could be everything I ever wanted...*

I looked at her profile picture on the messaging app.

*For how many years have I wanted this...*

I tapped send.

---

**You**

*I'll meet you there for 6. Are you ready?*

**Anna**

*I can't wait. I'm so excited and nervous.*

**You**

*Me too.*

---

I guess it is a natural response. I walked into the garage and jumped into my big car again. I thought it best with the company I had, the sleek sporty convertible wasn't really appropriate for larger

people so why not focus on comfort.

I drove to the restaurant early, so I went to a private area in the back. I had paid to have this side of the restaurant entirely clear for just us. I didn't like to use my wealth for grand spectacles, but I thought it would be much less awkward if Anna and I could just be alone here.

I waited nervously before I got another message from Anna.

---

**Anna**

*I'm outside... I'm about to come in... I... Look, I haven't really talked about something this whole time... I am... Well... I am glad you like how I look in pictures...*

*I've not really shown you... All of me...*

**You**

*What are you trying to say babe?*

**Anna**

*I'm quite... Look, I just don't want to be some catfish. I like you a lot and you've seen my body but...*

**You**

*Anna. Honey. You could say you have a cock and balls at this point, and I'd still ask you to come in here so I can finally hold you in my arms.*

**Anna**

*I'm going to need a minute. Crying and laughing are two very different emotions.*

**You**

*I didn't mean to make you cry.*

**Anna**

*Happy tears.*

**You**

*I want nothing more than to see you, in person, for us to have this lovely dinner and for us to really try the next level. If you wouldn't mind indulging me. I'm sat at the back, bought the back room out for just us.*

**Anna**

*This place looks fancy Alex...*

**You**

*Every penny would be worth it just to spend the evening with you.*

**Anna**

*But what about...*

**You**

*It doesn't matter. It could never stop me from meeting you.*

**Anna**

*Okay... Well... I'll guess you'll just have to see it then...*

**You**

*I cannot wait.*

---

There was a bit of worry in my brain.

*What could she possibly mean?*

But the words I had messaged were true. I liked her a lot, dare I say, I love her. I wanted this to work, we got on so well, it didn't matter what she looked like. I mean right now she looked great to me too, so I was winning right now.

I saw a member of staff leading someone into the room.

*This is it!*

I scrambled to my feet to greet Anna.

*There she is.*

Anna's face was the first thing I saw, it was impossible not to look her up and down and even in the briefest of glimpses I was completely taken back. I almost needed to sit down. She was much more ravishing in person than I ever could've hoped and dreamed. As she walked towards me I could feel the beauty, the sex appeal and everything else becoming more intense.

Her weight when I first met her online was a mystery. 190 lbs, the old picture she had uploaded was more like 150 lbs but over time I had seen how her body had changed. She easily has passed 200lbs from the changes I had seen. Her face was chubbier, her double chin had plumped up and her arms had become less toned. The changes extended to her boobs that had obviously gone up a cup size at least, I can remember the time where she was sending me pictures of her overflowing her bra. Lower on her beautiful frame I had seen the changes to her belly over time too. She was rounding out more than that first photo. I wasn't quite sure if it was because she was just stuffed every time she sent me pictures or if she was getting bigger in her middle. The truth standing before me was a bit of both, her belly had plumped up for sure.

There was one thing, however.

Anything below her waist.

Until this very moment, a mystery, the picture usually cut off her hips, her thighs or ass. There were glimpses, something that often elicited the biggest reactions from me was when I could see small snippets of what was there. I knew as a big girl she must be packing a fair amount there, but I was never sure how much.

Now.

Now I know.

To say she walked to me wouldn't be correct, she was waddling. Her hips were wide, for her weight, she was huge. Her thighs were so thick and big that even disguised under her skirt and crammed into leggings it was clear that most of her weight would settle on her lower half. The drastic pear shape of her body must've been what she was eluding too on messages moments ago.

I couldn't help but stare and glance at how big it was compared to the rest of her chubby body; she looked so beautiful and big to me.

I looked back into her eyes and I could see them welling up.

"Thank you." I said to the server, and I gave a dismissive gesture to her whilst mouthing sorry.

I closed the distance and wrapped my arms around Anna, her soft body felt so good against mine, I just wish it was in maybe better spirits.

Anna sobbed openly, her makeup was ruined, and she was holding me tight. I was over a foot taller than her, so the size difference was quite a lot. She was resting her head against my lean chest and her boobs were pressed into my trim middle.

I rested my hand on her head, and I tried to soothe her with small strokes of her hair.

It was a lot to take in and process, I wasn't even sure at this point if they were happy tears or not anymore. We stood there for a few minutes, I saw the staff come around twice to see if they could bring us anything, I had to gesture to them to go away.

*It's not their fault.*

"I'm afraid." She mouthed into my chest.

"Why?"

"I saw your eyes. I know what you were looking at..." Anna's

voice was wavering as if she was about to break out into a sob.

"I was looking at the most beautiful girl I have ever laid my eyes on. Can you blame me for looking?" I kissed the top of her head. "I'm so happy you came here..."

Anna was crying again; this time it felt different.

*Happy tears...*

"You look so smart... Much taller than I was expecting too..." She giggled into my chest.

"A designer suit, only the best for you. Oh, and six foot five."

Anna broke the hug off and finally looked up into my eyes.

"Hey." I said, staring right back into her dazzling blue eyes.

"Hey..." Anna's voice sounded weak, the gravity of the moment getting to her.

"Why don't you take a seat..." I walked her over to her chair, I was shocked to feel the side of her hip crash into me when she turned around.

I pulled the chair out and watched her carefully place her large butt on the chair. Each of her cheeks overflowed the side but she seemed stable.

I took my own seat and looked across from her.

"I meant it by the way... You look... Amazing..."

"Stop." She blushed. "I... I need to tell you something..."

I could tell the seriousness in her voice. I focused on her mouth and waited for her to tell me whatever it was that was clearly bugging her.

"I..." She sniffled. "I was bullied. A lot." She could see me look to reply and she held her hand out. "It's okay." She took a second. "I was bullied for a long time about my shape. Particularly my hips. I saw you notice and that is why I got upset. It brought back bad memories and worries and an-"

"Anna." I said in a calming voice. It stopped her from spiralling. "I noticed your shape." I paused to gauge her reaction, she didn't seem too taken back, I pressed on. "Not for one second did I think to make fun of you for it, to judge you, bully you. Want to know what I thought?"

Her eyes were filling up again, she nodded.

"I thought about how beautiful you looked, how amazing your

body looks, what on earth had I done in my life to deserve to be in the presence of this... Goddess..."

Before she could start crying again I grabbed her hand which was on the table and held it tightly.

"I mean it Anna... You are amazing, absolutely and truly stunning."

I felt her hand grip mine back, a smile broke over her rosy cheeked face and I knew that I had convinced her.

The wait staff turned up before we could talk further on the moment, I had missed my chance to dismiss them again.

I ordered an expensive bottle of wine and took the menu from the women and opened it looking at the pretentious things they had here to eat.

Anna's eyes were glued to the menu, she was taking it all in.

"How do you know how much it is? There's no prices here."

*She's never eaten at a place like this before...*

"Don't worry about the price, just order anything and everything you want. You can order everything on the menu, and we could throw it all away, I don't care at all." I smiled at her. "Tonight is about us having a good time."

Anna nodded back to me. "Alex... I know you make a bit of money but... To buy this whole place out..."

"Anna... I don't like to flaunt my wealth but... I can just say that you don't need to worry about money."

"How much will this whole thing cost?" She seemed curious more than anything.

"Depends Anna... How much do you think you can eat?"

She smirked at me and patted her stomach under the table. "Is that really... Okay to do it here?"

"Why do you think I bought this whole room out?" I raised an eyebrow at her suggestively.

"Alex... You are rather devious aren't you..."

"Tonight is about having fun." I raised a glass. "To fun!"

We tapped the glasses together before we took a sip each.
