

Stop fretting it's almost over.

Ah... Can we.. Hurry please...

**Lilith**  
Hush, makeup is an art form. It can not be rushed.

**Leona**  
Hmh... Can we just take a break please!

**Lilith**  
Come closer I'm almost done...

**Ple AH!**

**Spluurt!**

Ara? Leona did you just...

**Cum on me?**

*I-I'm sorry  
I didn't mean...  
I tried to stop!*

**You naughty girl.**

*I can use this against him.*

**Dont fret my dear. Thease things happen.**

**Leona  
They do?!**

**Even so. Does this not highlight the importance of your medicine?**

**Leona  
It does wear off...**

**M-Maybe...  
B-But!**

Just picture this:  
what if another girl  
were to brush  
against you like  
that?

Leona

**Eh?**

Can you bear the  
thought of being seen as  
a pervert? Why don't you  
just take the medicine  
for me, just this once?

Leona

**But...**

I couldn't bear the  
idea of anything  
happening to you...

Leona

**That's...**

Leona

**Crap.. Cant  
deny her after  
cumming...**

Lilith

**Let's see you  
squirm out of this  
one.**

Drip..

Drip..

*F-Fine but just this once... and... I'm sorry...*

*That's a good girl and dont worry about wetting yourself. It's not like much came out right?*

*She's making it sound like I peed the bed...*

*I'll go get the medicine and change out of my soiled clothes.*

*Yeah... I'm really sorry Miss Lilith...*

*No need to apologise twice. Oh, and before I forget I left your outfit on the bed remember to get changed.*

Five minutes later..

*Oddly comfortable...  
and something else  
but I can't place it.  
Why does it feel so  
different?*

Did she just pose for me? That was rather cute.

Ara?  
Leona you look stunning. I knew that outfit would fit you perfectly

Thanks!  
Hehe...

There it is again this feeling... What is it?

Should I ask Lilith about it?

Sway...

Um, Lilith?  
T-This outfit  
it feels...  
Different?

Different?  
Is it too tight?  
I'm sure I measured  
you correctly.

Leona  
W-When did  
she measure  
me?!

N-No, it's not that,  
it's just wearing  
it feels kind of  
nice? Comfortable?  
I dont know...

Ara?  
So that's it.

W-What  
is it?

You like it.

Eh?

I... like it? But that can't be... I'm not a girl...

T-That can't be right..

You're reveling in it, aren't you? Because it's wrapping around you like it's meant to be.

But it is. Your smile when I praised you earlier was proof enough.

I... Smiled?

Oh, yes, my dear. You not only smiled, but you even posed for me.

I Did?

*I like it.*

Ah, perhaps you hadn't noticed before because male clothing never evoked such feelings in you.

Hmm... If you were to wear male clothing now, I wouldn't be surprised if you felt wrong in them.

After all, once you've tasted the comfort and confidence of femininity, it's hard to revert back

Now...  
Time for your medicine say "ahh"

It's true. My old clothes never made me feel this way. They were just... worn. But now, I like how it feels...

No... I like how I look in them.

W-Which is fine! After all... Wearing feminine clothes doesn't make me a *girl*... I'm still a guy.
