

SPACE KING 101 - PILOT

Written by

Tom Hinchliffe & Don Greger

**INT. LITTLE BOY'S BEDROOM - NIGHT**

A little boy sleeps peacefully... BOOM. A massive STARFUCKER (SF) smashes through the wall bearing down on him at speed.

STARFUCKER  
LITTLE BOY!

The super-soldier grabs the KICKING and SCREAMING child, throws him over his shoulder and exits the room. A few beats.

**EXT. SUBURB - CONTINUOUS**

CHAOS everywhere as SFs chase LITTLE BOYS in every direction.

One SF runs, shoulder ramming a tree with a TREEHOUSE in it. The tree collapses as little boys spill out. The SF chases them past ANOTHER TREE where a boy desperately clings to a branch as another SF shakes the tree, screaming up at him.

**EXT. SPACE - CONTINUOUS**

GIGANTIC SPACESHIPS glide over a planet as they UNLEASH HUGE sprawls of tubes to the surface.

**EXT. SUBURB STREET - CONTINUOUS**

A boy runs as a drop pod with a tube attached to it slams just behind him, he yelps before ducking under a SF who tries to grab him. He laughs like he won but then is swiftly booted into an open drop-pod tube that sucks him up, screaming.

**EXT. ACTIVE VOLCANO - CONTINUOUS**

We hear his scream far away as we see the tube in the distance going up towards the sky. In the foreground, a SF stands at the edge of a volcano with a bag titled LITTLE GIRLS. He throws them angrily into the volcano one-by-one.

**INT. STARFUCKER SHIP - MOMENTS LATER**

A tube sits at the bottom of the screen with a vertical metal slab above it. Close to the camera is AN INFO SCREEN MONITOR.

We hear a far scream that gets closer until a naked LITTLE BOY IS SHOT FROM THE TUBE. He slightly overshoots the slab but is caught on the way down as the slab-clamps automatically secure his wrists and ankles.

The INFO SCREEN blares with green text and a ROBOTIC VOICE:

ROBOTIC VOICE  
+APPLICANT ACCEPTED!+

The slab moves TOWARD us and stops. A large device positions above his cock. On its left side, an empty tube. On its right, a tube with two giant testicles floating in it. It shakes violently. The boy SCREAMS - his tiny balls are sucked into the LEFT tube as the big nuts in the RIGHT are shot in.

His boyish scream descends into a mannish roar as he morphs into a fully grown super-soldier. A CURVED SCREEN on an arm covers his eyes and flashes rapidly. Strange images (Space King and stuff) flash on the INFO SCREEN. He froths at the mouth (still roaring) as the curved screen is removed.

NEW STARFUCKER armor is smashed onto him. His scream enhanced by his helmet. He falls silent. Beat. He takes a BIG breath.

The teaser is the start of the cartoon - that's all  
we'll share for now :) 8===D
