SOMEWHERE OUT THERE, YOUR HUSBAND IS WAITING FOR YOU.

RIGHT...  
HUSBAND...

# NESTING DAY

*Nesting Day* is a joyous occasion celebrated by the *Lillykin* and *Featherling* races of monsterfolk. This holiday commemorates the laying of a mother's egg and is marked by a festive celebration.

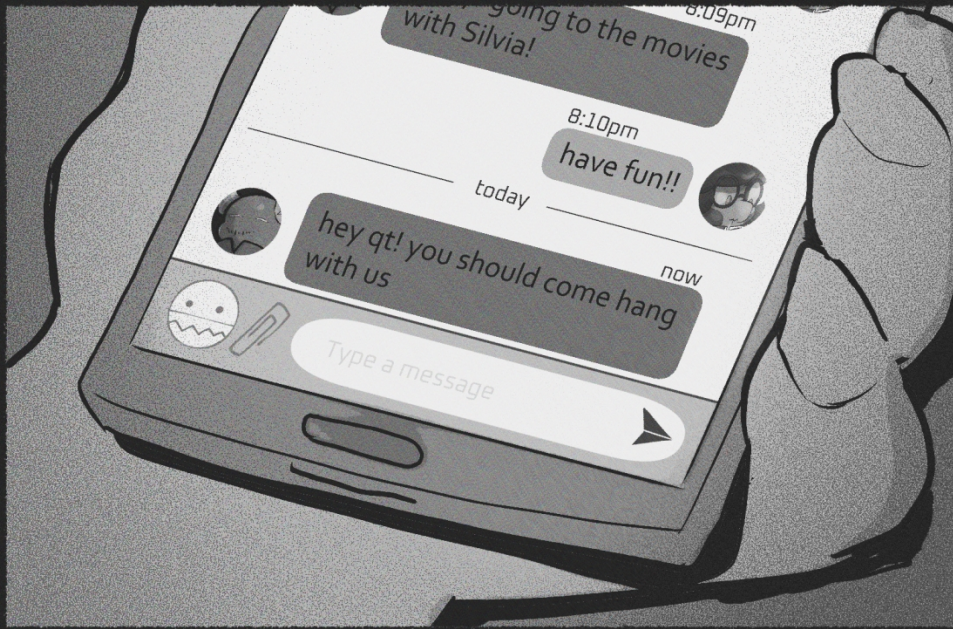

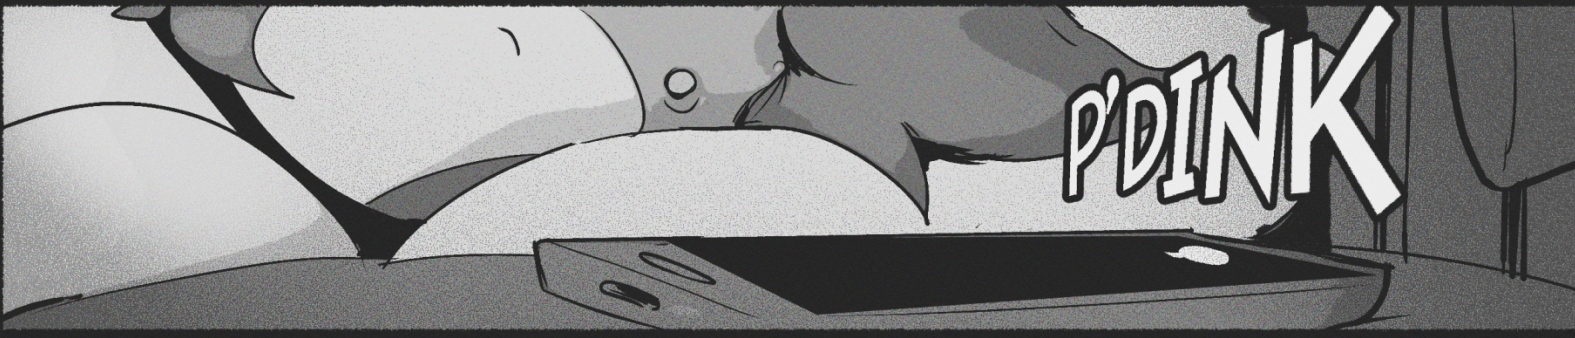

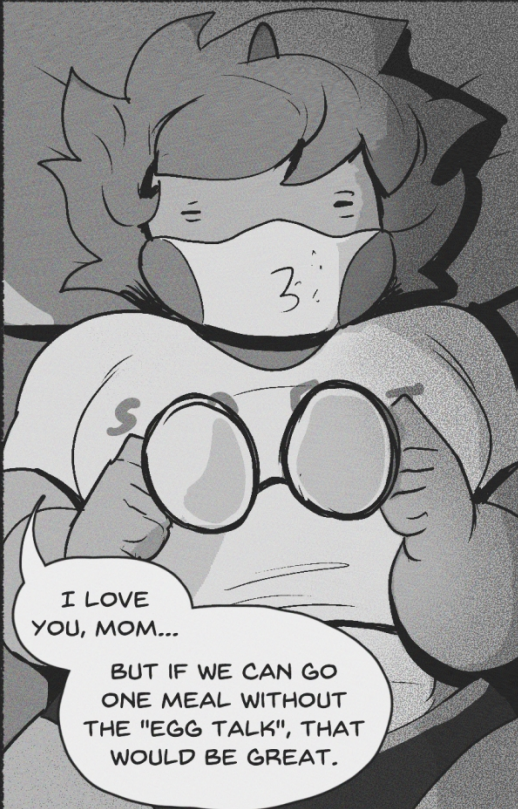

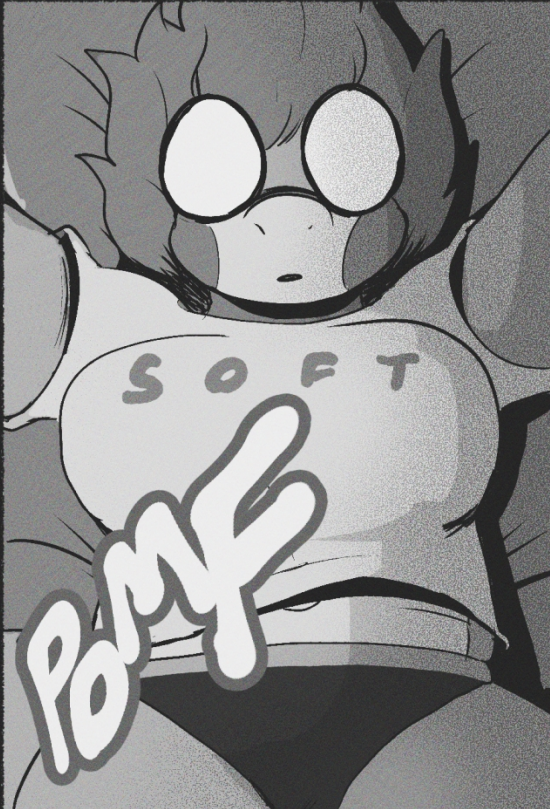

Families decorate their homes with bright colors and provide gifts for the unhatched eggs. Other customs include singing traditional songs, storytelling, and preparing special meals.

The *Day of Hatching* is also celebrated as a conclusion to the incubation period and marks the first birthday of the child. While only specific races observe Nesting day, it is a cherished and revered holiday among monsterfolk communities.

## THE SWEET HARVEST

The Sweet Harvest is a holiday celebrated by the Faceless in the country of Amoura. This day is dedicated to the celebration of the harvest of the national fruit, the Amourian Grape. This fruit is known for its sweet and juicy taste, as well as its reputation as a powerful aphrodisiac, which is highly valued by the Faceless and possibly explains their significant sex drive. Although the holiday is native to Amoura, it is widely recognized by monsterfolk worldwide as a celebration of love and the sharing of affection. The Sweet Harvest is a time for everyone to come together and enjoy the bounty of the season while also celebrating the power of love.
