

Ah...
It still hurts...
and the bruise is
spreading...

Should I tell
Lilith? Maybe she
could help, but...

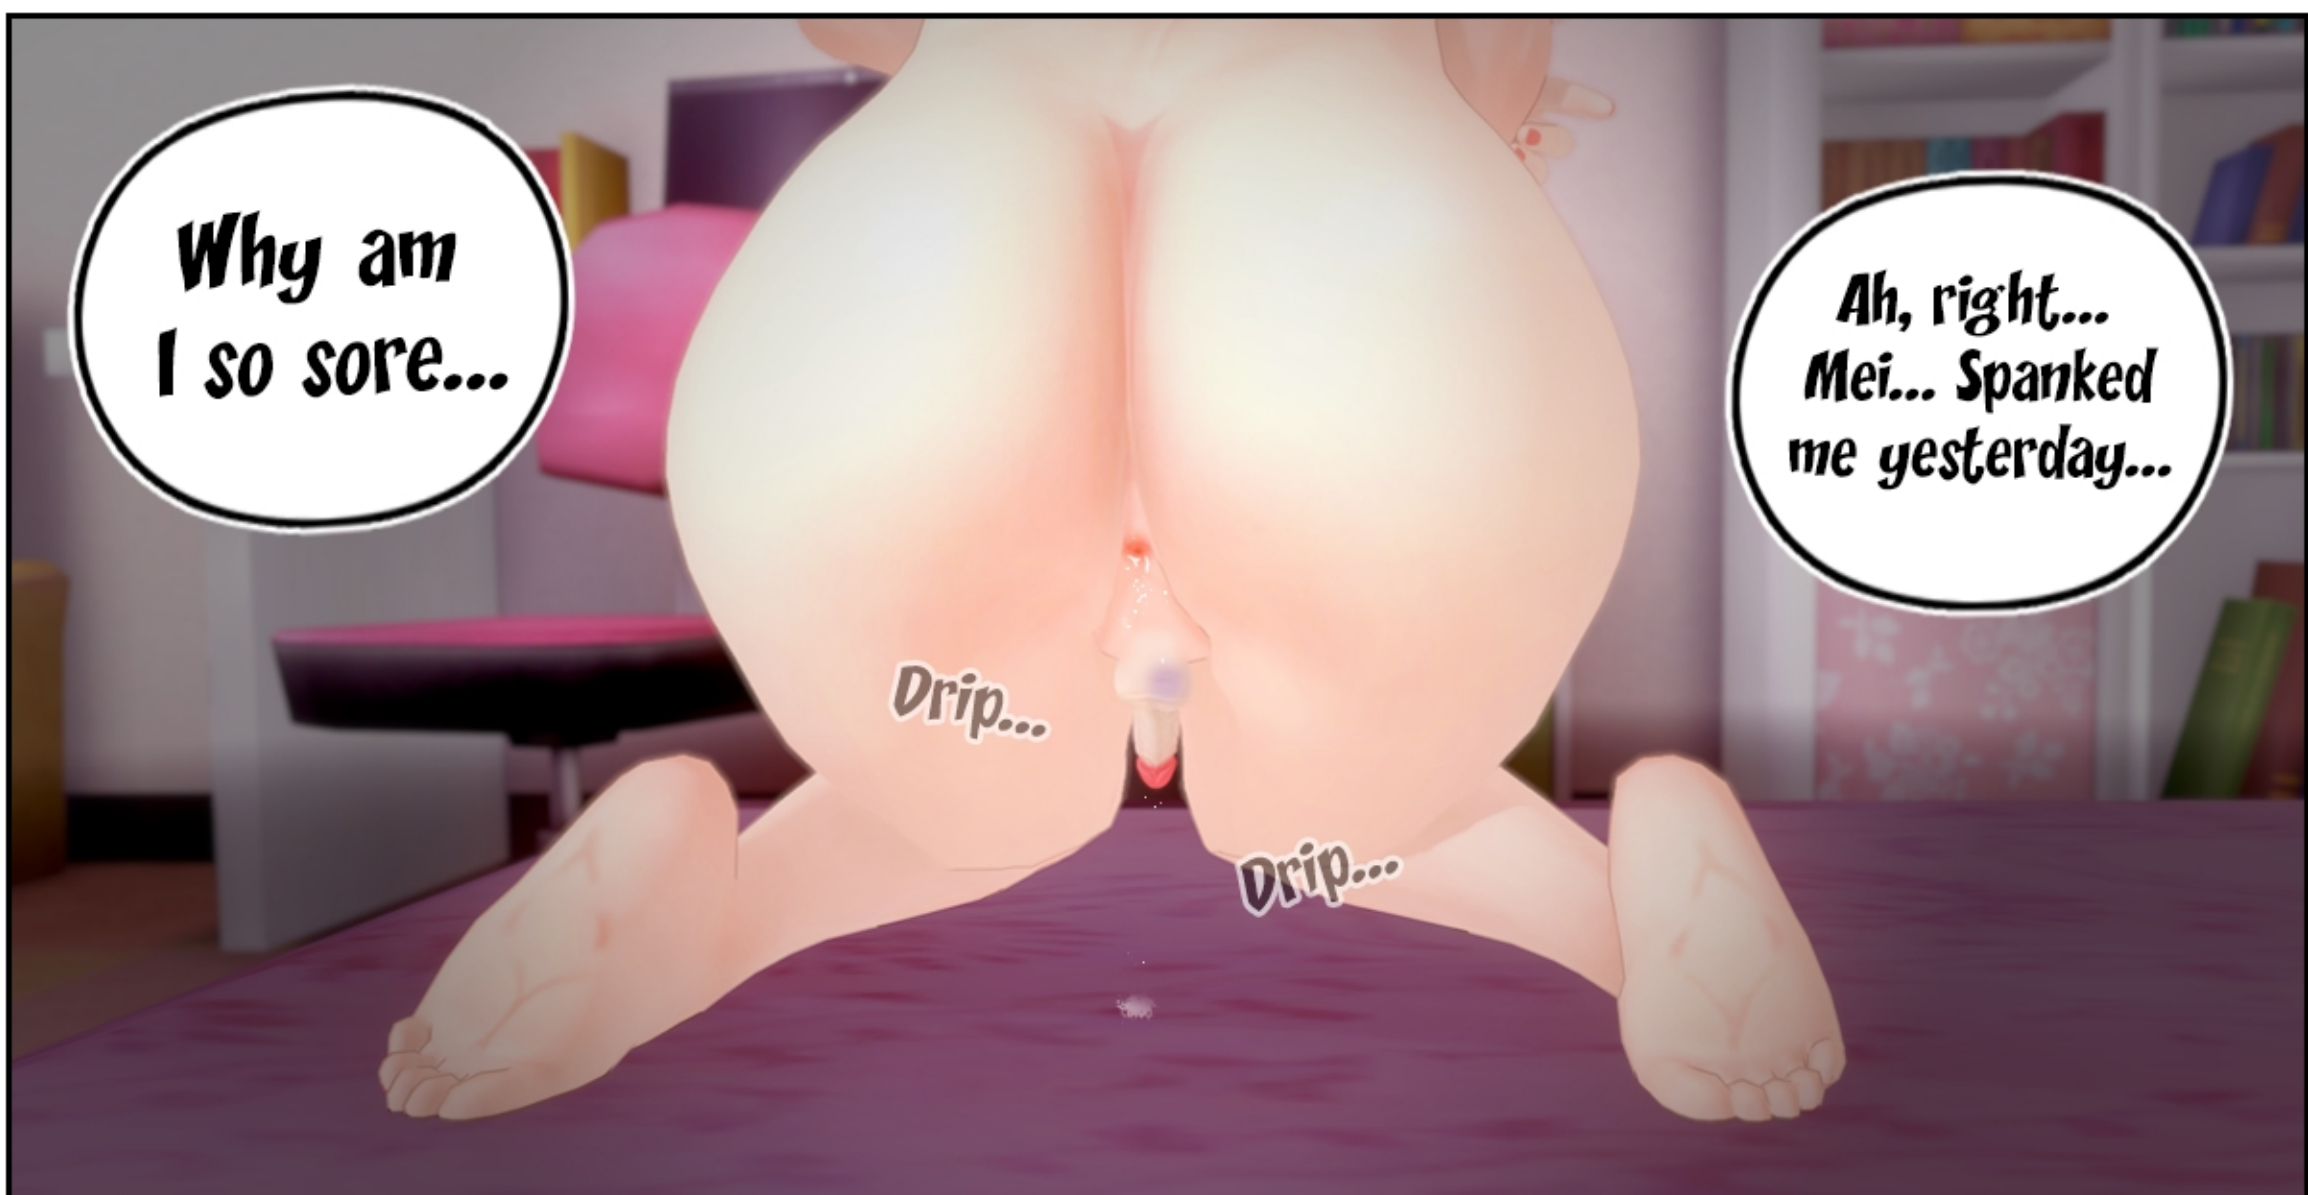

that'd be too
embarrassing

Again?

Throb
Throb

Why am
I so sore...

Ah, right...
Mei... Spanked
me yesterday...

Drip...

Drip...

Sigh!
That explains everything... Mei must've accidentally hit them.

Hah...
I almost told Lilith... That would have been bad...

Wait, did I forget something?

BEEP! BEEP!

Leona, dont forget to meet your friends at the station for your "vacation". Also, I've put together an outfit for you out of my clothes since yours no longer fit. they're in the sec-Beep

The sec..?
Hmm, the
second room?

Hmm, I've got
less than an hour
so I should get
ready quick.

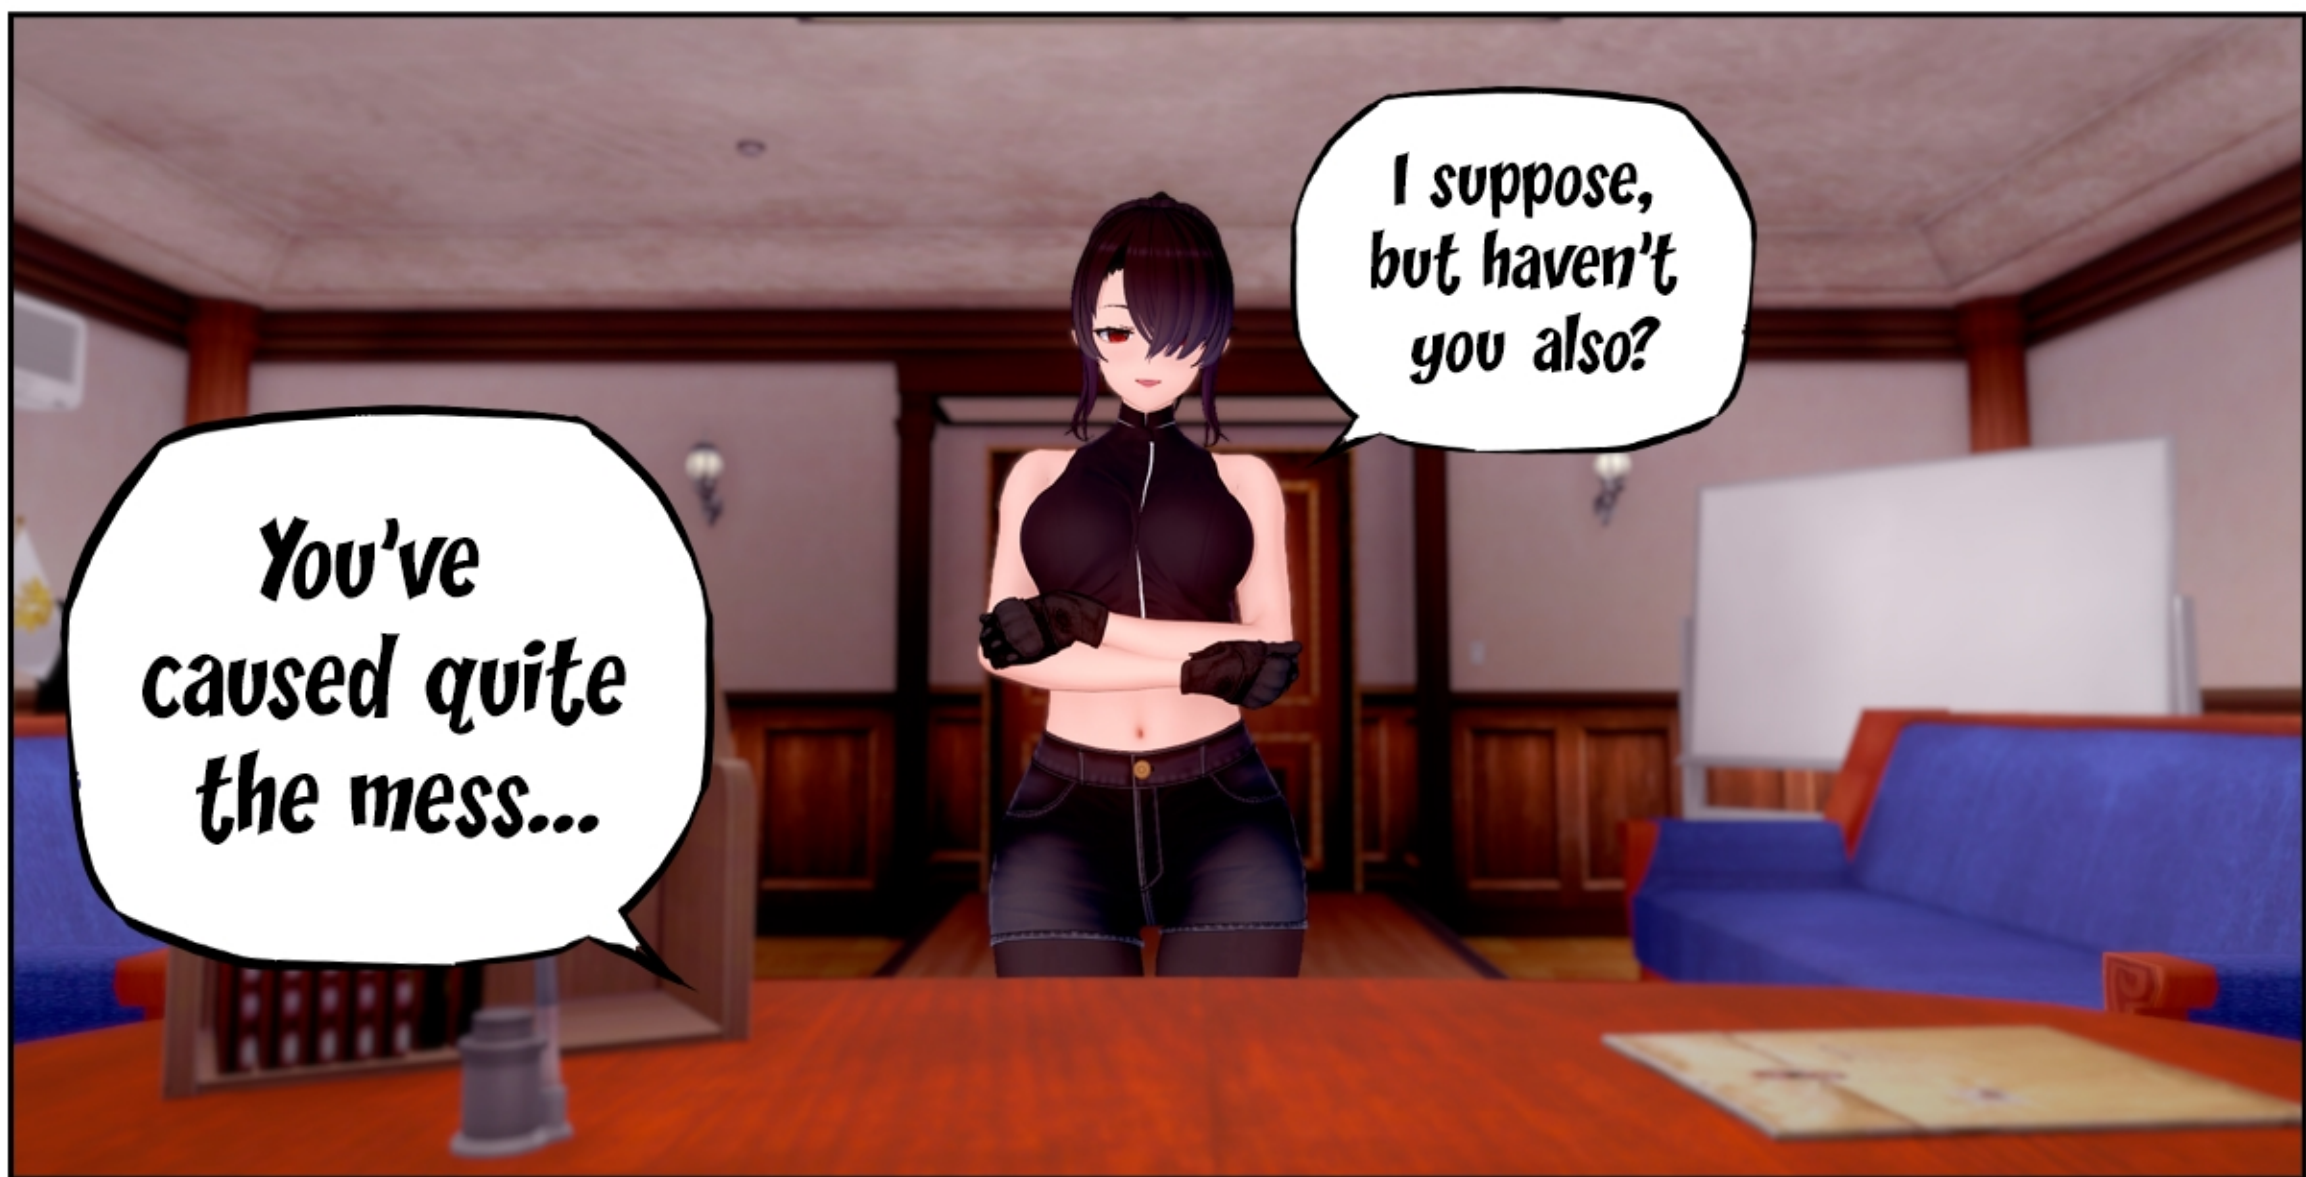

???

I didn't expect
the message
to end there...

I doubt it will
take him long to
find his summer
dress in the second
cupboard.

Ah-hem.

You've caused quite the mess...

I suppose, but haven't you also?

True, but I clean up after myself.

Speaking of cleaning up...

Why don't give me Leona? Just temporarily, of course. I know I said I wouldn't get involved with him... But as a reward.... Once this is all settled, I imagine you'd want to start a family and have an heir, right? I could make it possible.

And **RUIN** all
the fun?!

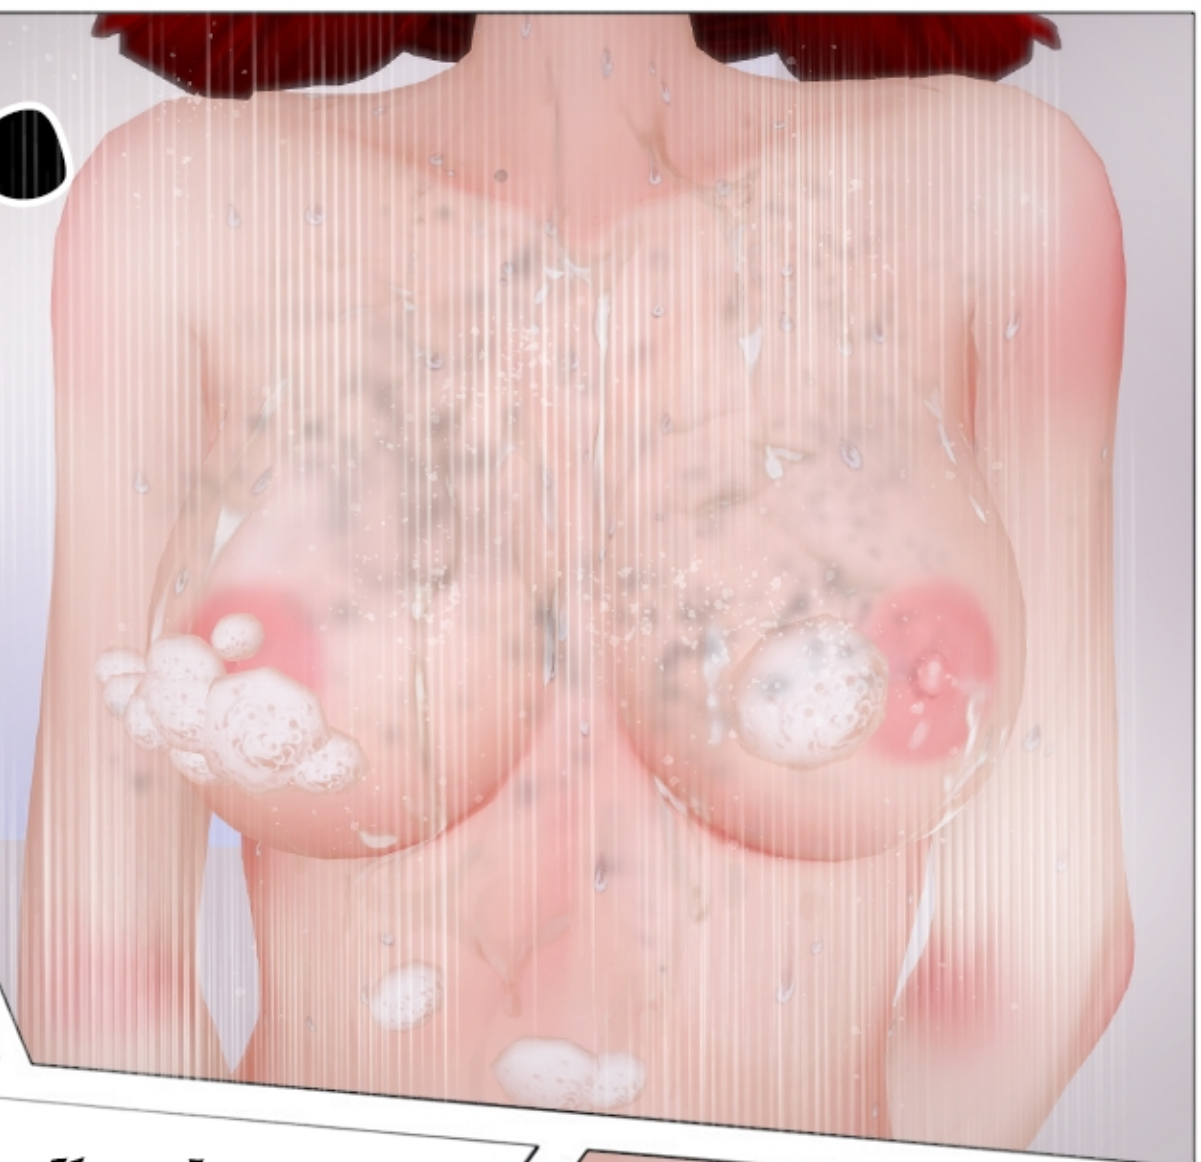

Sheesh...
You could've
just say no...

You... You
just dont
understand.

The true **THRILL** is in the slow,
Lustful Corruption.
entangling them in false trust and love.
Ah.. When they finally see the **Truth**,
It will be too late. The sheer,
Intoxicating Ecstasy
of their their despair will be
my greatest pleasure~

W-Why do I have so much dead skin...

It wont stop...

WHY!!!

Shine!

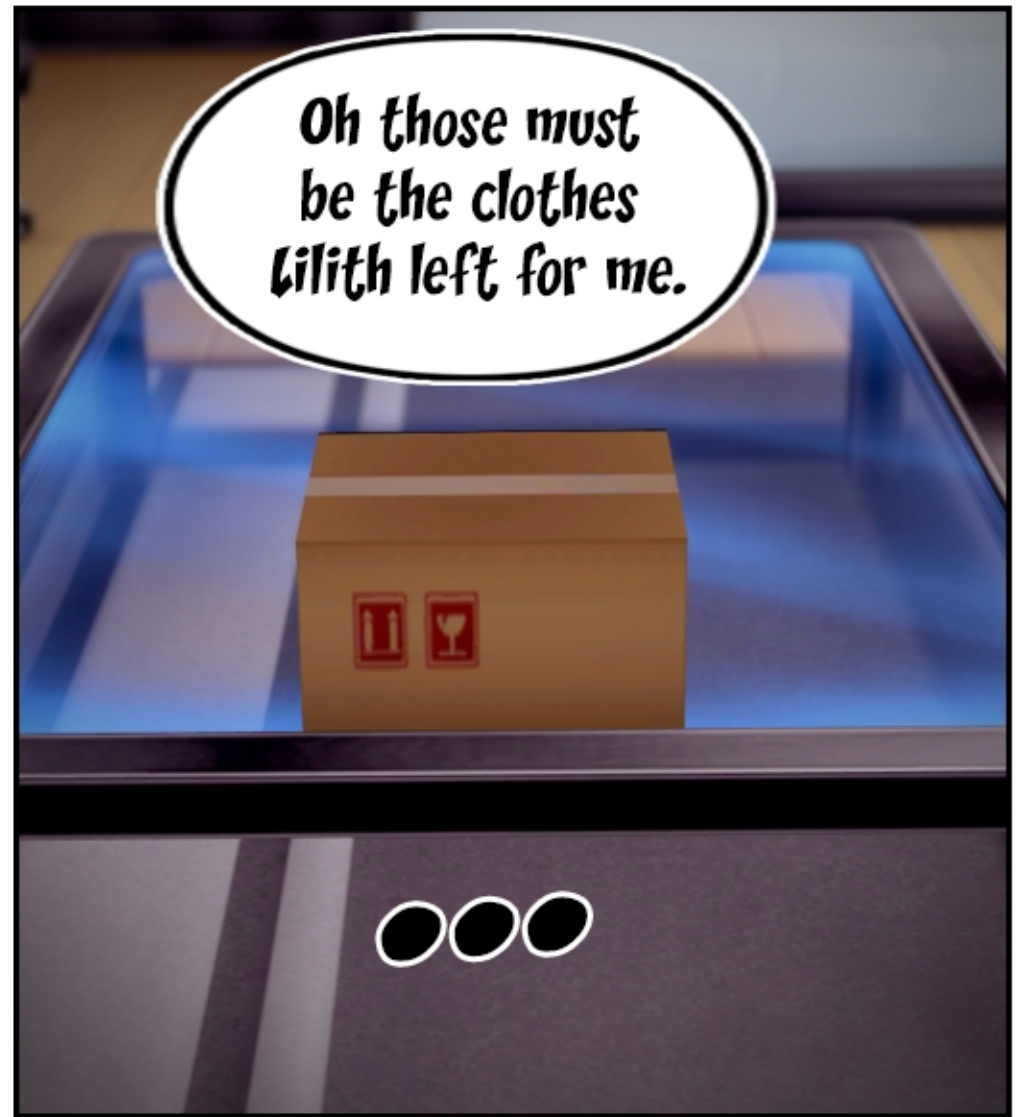

**Ah... I feel
like a brand
new car...**

**Everything
feels so
smooth...**

**Should I Fap...
before I meet up
with them...**

Eh?

**What
the hell?**

**W-Why's it
so small?!**

**...What about
the rest?**

Stretch!

Stretch!

*I know it's
summer but...
Isn't this a
bit much...*

*I'd rather
a skirt...*
