

Seonhee - The Job
By Calista

Seonhee closed her eyes as she considered the conversation and out of the blue job proposal she'd just been offered. As a successful business owner, and a Sect member in good standing, she normally would have rejected such an offer out of hand, but the identity of her potential employer gave her serious pause.

For as long as she could remember, people had heard the legends and told the stories of the futa vampire Cerene; but by all known accounts, she had disappeared decades ago. At the time, her political power in the city was unmatched; Presidents, Mayors, Union Leaders, Sect Masters and more, they all danced to her tune. As a side effect of her power, she was also astoundingly wealthy.

But even more than her wealth and power, stories of her sexual conquests and sex life were even more popular. She was rumored to have a perfect body, an insanely high sex drive, and was nearly impossible to resist once she set her sights on you. Parties and orgies at her palace were treated as grand events, attended by all who could qualify for an invitation. Celebrities, models, strippers, pornstars and gorgeous women and futas of all social strata relished the opportunity to mingle with such power, sex and fame.

If the rumors were true, she had a moderately sized harem with which she shared a portion of her wealth and vampiric powers. These lucky members were the only people truly blessed with Cerene's trust. Her harem members became the most attractive, powerful, insatiable, and irresistible people around. The harem's devotion to Cerene's wants, desires and safety was legendary, and the fact that they all disappeared from the public eye at the same time she did indicated that they joined the vampire in her self-imposed exile.

When the day came, Cerene and her harem, and a significant majority of her wealth just up and vanished completely. There were a few clues that led people to believe that Cerene and her harem survived, but nobody willing to talk about it had encountered her in years.

Even after Cerene and her harem disappeared, her legacy in the city endured. Today, those in power continued to emulate her parties, her actions and lifestyle. The parties of today that Seonhee, as a Sect member, had been able to attend were fun, but ultimately they were nothing to really write home about. She suspected that it was all just a pale imitation of what it was under Cerene.

Never in a million years would Seonhee have believed that she, of all people, would be the one to cross paths with the mythical underworld figure. Seonhee was just a Sect member and nightclub owner that used her nightclub to get laid as much as possible, and yet Cerene had decided to approach her with what was obviously an important job offer. She had promised the gorgeous vampire that she'd consider the offer, but in reality she could only hope that Cerene

hadn't realized how nervous, excited, turned on and overwhelmed she had been during their brief meeting.

Cerene was a little taller at 5'10" (178 cm) than she expected, and the vampire exuded an aura of dominance that paired with a regal and timeless beauty. She looked to be in her late 20's as far as age went, and was by far the most gorgeous person Seonhee had ever laid eyes on. Her face was perfectly symmetrical, and her silver hair was healthy, shiny, and sexy as hell. Seonhee also couldn't help but be mesmerized by the vampire's bright silver eyes that matched the color of her hair. Those eyes seemed to perceive everything, and Seonhee felt like the futa vampire could peer into her very soul and already knew all there was to know about her.

For her clothing, the sexy vampire wore a nearly see through and skin tight ankle length white pencil dress that left absolutely nothing to imagination. She had an absolutely gigantic pair of breasts that dominated her upper body, though they didn't seem to restrict her movement or appear to be particularly difficult for her to deal with. It just seemed like Cerene's shoulders weren't wide enough, and her back wasn't broad enough to support the size and weight of her breasts. It didn't help that Seonhee had immediately succumbed to a vivid fantasy of Cerene enveloping her cock in those wondrously huge tits.

She also had a shockingly enormous bulge in the dress covering her flaccid cock and balls. The bulge projected 6 inches or so out from her pelvis and extended all the way down below her knees. Seonhee herself had a truly immense cock that, when erect, measured nearly 19 inches (48 cm) long and 11 inches (28 cm) in girth. She could only guess at this point, but judging from the size of the bulge in Cerene's dress, the vampire's cock had to be at least that big, and in all probability was quite a bit bigger.

Cerene just seemed to ooze sex appeal, and being in her presence had turned Seonhee on immensely, and she'd embarrassingly sprung a rock hard erection the second she became aware of her visitor and her identity. Seonhee had been wearing a short black dress, with her lengthy cock hanging out in the open, free for all to see. Now, however, Seonhee's long, beautiful, and very hard cock stuck straight out from under her business skirt. Hiding her cock's reaction to the vampire's presence would have been impossible, so she'd stood there with a raging hard-on while Cerene seemed to appraise her body and cock for a handful of seconds, and then proceeded to ignore it entirely for the rest of their conversation. Seonhee thought she'd glimpsed a stirring of the vampire's own cock under her dress, but she couldn't be sure of it.

At the end of their brief conversation, Cerene exited through the door, and Seonhee had watched her ass sway with an expert eye. The vampire's ass was large, but not as obscenely huge as her tits or her cock seemed to be. It was much more proportionate to her otherwise thin and athletic body while still being extremely appealing.

The instant Cerene disappeared from view, Seonhee had immediately had one of her club's hosts summon a particularly attractive brunette girl that she'd had her eye on from the dance floor below. She needed to get her cock inside someone immediately, and she stripped off her black dress, and began pace back and forth impatiently waiting for the host to bring her the pussy she craved.

Seonhee had always had an extremely active libido, more so than many of her fellow futa friends. In just the few short years since she'd come of age, Seonhee had had over a thousand female lovers and several dozen futa lovers; but the stories of Cerene dated back hundreds of years, and the scale of the vampire's accomplishments, and the thought of her uncountable sexual adventures was intimidating.

Seonhee was brought out of her ruminations when the pussy her cock was buried inside quivered with the aftereffects of a massive orgasm. She moaned softly and opened her eyes before looking down at the currently unconscious brunette lying bent over on the table in front of her. The girl's medium sized breasts squished out to the side, and a small amount of drool leaked out of her mouth before soaking into the light blue tablecloth. The girl's pussy was extremely wet, a bit tighter than average, and like nearly every other pussy she'd ever been inside of, it was struggling to accommodate her length and thickness. She could feel every crevice and fold in the girl's pussy as it shuddered in post orgasmic submission around her. The best part though, was that she could feel the tip of her cock bathing in the lake of cum that she had just deposited inside the gorgeous brunette's womb. She knew what her cum was doing and would do to the brunette. For days, the girl would experience the blissful aftereffects of their sexual encounter. This was absolutely the best part of sex with a futa, and the feeling she savored most in this world.

It occurred to Seonhee that she didn't know the first thing about the girl her cock currently impaled, not even her name. Inwardly, she was a little bit embarrassed at her sexual performance. She'd barely gotten her cock inside of the brunette before she'd had one of her more massive orgasms of the past several months, and that kind of premature ejaculation almost never happened to her. She had planned to have the host bring her another sexy clubgoer or two to satisfy her needs, but now she was determined to focus her attention on the brunette and show her what she was really capable of. She decided to blame her dismal performance and hair trigger orgasm on Cerene for getting her all horny and then not doing anything about it. She might not know it yet, but tonight the lucky brunette was in for the ride of her life. Her cock was going to be hard for hours now, and the load she'd just left inside the poor woman would only be the first of many.

The rest of her senses slowly returned after her entire being was consumed with her overwhelming orgasm. Loud dance music was still blasting out from the DJ's booth. The dance floor of the club was lively and the party was in full swing, despite the 2:30 am hour. The private owner's box in the VIP balcony let her be a part of the club's party atmosphere, but still accommodated her need for seclusion during her many business meetings. At times like this,

the luxury box allowed her enough privacy to fuck the ever living shit out of her chosen companions.

Seonhee's large breasts partially blocked her view of the unconscious girl's ass. She had to lean forward so she could see over them to fully admire the very appealing heart shaped ass that had set her off so unexpectedly. She used her hands to squeeze and grip the girl's asscheeks possessively, and she could see the shallow mound of the base of her dick before the girl's overstretched pussy completely enveloped the rest of her still very hard, very needy cock.

She wanted more than anything to return to plundering the brunette's body and seeing what ecstasy it could bring her, but even for Seonhee, business came before pleasure. To ensure she didn't miss anything important and feel guilty about it later, she took a few seconds to look around the club and see if anything significant had happened while she'd been distracted. With her cock still balls deep inside the brunette, Seonhee took in the atmosphere of the club. Hundreds of sweaty club goers danced, shook, screamed, yelled, sang and jumped to the rhythmic music down on the dance floor. Lasers, strobe lights, spotlights, and other lighting effects added to the chaotic atmosphere. The bartenders were doing a very brisk business providing drinks and other intoxicants to the many paying customers. Finally, her Sect's team of sharp eyed, heavily armed security staff stood at strategic locations throughout the club to make sure nothing got out of hand.

She could also see into the other elevated VIP boxes and booths across the dance floor on the other side of the club. Patrons there toasted their drinks and told their stories, some watched various tv screens, two girls in one booth were entranced as they watched her get laid with the gorgeous brunette, and others were glued to what was going on on the dance floor.

Suddenly, and to her surprise, Seonhee glimpsed the silver hair of her potential employer. Cerene was in one of the luxury boxes fucking the daylight out of two stunningly attractive and very busty blondes. That box was supposed to be unoccupied, as she always kept that booth reserved for any surprise VIPs that showed up. Cerene obviously qualified as a VIP though, and Seonhee wouldn't have dared to complain about her taking over the booth.

Cerene had removed her dress, and her massive breasts were out in all their glory. As she looked at the scene closer, she realized both of the blondes looked remarkably alike. They both had the same hairstyle and haircolor, their breasts were almost the exact same size and shape. Could the two blondes be twin sisters? Of course. Only the famed vampire, Cerene, could find two such attractive twins and take them both at the same time.

One of the twins was bent over in front of the Cerene, leaning out over the balcony. Cerene had a focused, almost vicious look on her face as she pounded away at the blonde's firm and supple ass. Her fangs, now extended and visible, were lengthy, but not as long as Seonhee expected them to be. Cerene was slowly and deliberately thrusting her cock into the beautiful woman

before pulling back out. The blonde's head shook and her hair would swing forward to cover her face with each impact of Cerene's hips as the vampire thrust inside her. The blonde's mouth was open wide and her brow furrowed as she screamed out in ecstasy..

The other blonde twin was behind Cerene, pressed up against the futa vampire's body, her hands reaching around to hold and contain the vampire's truly massive tits. The girl's body moved synchronously with Cerene's as if she was the one fucking her twin sister.

Seonhee's already very hard cock swelled with need inside the brunette as she watched the shockingly gorgeous vampire fuck the absolute shit out of her partners. Without thinking, Seonhee began to pull her cock out of her unconscious sexual partner. She briefly looked down to see her hard, cum covered cock vacating the pussy it was buried inside. The brunette moaned out and her pussy lips furiously clutched at Seonhee's huge cock, seemingly unwilling to let her go.

Before she pulled out completely, she thrust back into the brunette's pussy aggressively, her need to fuck greater than ever. Consciousness suddenly returned to the brunette as Seonhee's cock stretched out her pussy again, completely filling her womb. The girl couldn't help but scream out as she was penetrated by the largest cock she'd ever had inside her.

Seonhee turned to look back out across the club at the booth she'd seen Cerene in. The vampire was still there, and still in the midst of conquering the blonde twins. Both blondes were now leaning over the balcony, and Cerene was switching her cock back and forth between them. She would take a few seconds to sheathe her cock inside one twin, give her several deliberate and hard pumps; and then she'd pull out and do the same to the other gorgeous twin. Cerene's massive tits shook mightily as her hips impacted the ass of each of the blondes in turn. This went on for a long time, and it was by far the most erotic sex scene Seonhee had ever witnessed. Cerene was unbelievably gorgeous, all the more so as she fucked the blonde twins into orgasmic oblivion.

Seonhee could see each of the blonde twins' reactions to having the vampire's cock penetrate them. The sisters would lovingly watch each other as they got fucked by Cerene's amazing dick, before their head sagged forward and they became completely overwhelmed when vampire directed her cock inside them.

Lost in the sexual display before her, Seonhee furiously pounded away at the brunette on the table. With Seonhee's increasingly fast and violent thrusts, the brunette entered a state of constant orgasm and her eyes rolled back in her head. Seonhee was pulling nearly 19 inches (48 cm) of cock out of the brunette before thrusting herself back in. The cum that Seonhee had deposited inside her earlier was spraying everywhere as her hard and incessant thrusts stirred up the brunette's cum-filled pussy.

All of a sudden, Cerene pulled her cock out of one of her girls, and both of the twins turned around to drop to their knees. In those few seconds, Seonhee got her first clear and unobstructed look at the vampire's impressively hard and shockingly massive cock. She looked on in amazement as one of the spotlights from the dance floor passed over Cerene, illuminating her perfectly as she experienced the onset of orgasm.

Cerene's cock was by far the largest she'd ever seen. It was extremely long, definitely a few inches longer than Seonhee's own cock. Thicker too...quite a bit thicker in fact. It was long, straight and gorgeous, and it was completely covered in both of the twin's cum and pussy juice. Thick veins stood out, and Cerene reached out one of her hands to stroke the head of her dick. The twins then pressed their very large breasts together, completely enveloping the shaft of Cerene's dick in a huge amount of breast flesh. Cerene thrust herself back and forth between the magnificent breasts of her lovers, the girl's breasts effectively jacking off the vampire's amazing cock.

Even from this distance, Seonhee could see Cerene's face contort in pleasure. The twins' kissed each other fiercely, their tongues intertwining as Cerene crossed the edge. Unable to hold back the inevitable, Cerene screamed out and threw her head back as a giant load of cum launched out of her cock.

The blast of cum must have shot 20 feet out over the balcony before landing amongst the crowd of people dancing in front of the DJ. The crowd couldn't possibly have known who's cum had just covered so many of them, but they all went completely crazy. Seonhee saw a particularly busty and attractive redhead get a very large dose of cum in the face. The redhead immediately ripped off her shirt, baring her breasts and stuck her hand in her pants to get her fingers inside her pussy. One of the futa partygoers, though with a cock that was significantly smaller when compared to Cerene's and Seonhee's, was immediately tackled and a fight broke out between 3 separate gorgeous female clubgoers over who would get the random futa's cock inside them first.

Seonhee herself also came immediately, and she came exceptionally hard. She felt her balls jerk up tightly towards her body with the first ejaculation inside her brunette lover. The strength of this first blast of cum propelled the brunette forward, nearly forcing her off of Seonhee's cock and tipping over the entire table. Seonhee, in a panicked reaction, was able to reach out grab the woman's ass to prevent that catastrophe, quickly resheathing her orgasming cock inside the brunette's wonderful pussy.

Despite being balls deep inside the brunette, jets of Seonhee's cum sprayed everywhere, the pressure inside the poor girl's tight and overfilled pussy forced great globs of her cum to squirt out, covering both of them.

After several long minutes and over twenty shots of cum inside the brunette, Seonhee was able to focus again and she looked over to Cerene, who was still in the midst of orgasm. She was

pulling her cock out of one of the twin's pussy before letting her gorgeous sister give her a very active blowjob. After several spurts of cum inside the twin's mouth, she pulled away and launched another load of cum out into the now sex-crazed crowd, and then she shifted to sink her cock back inside the other sister's pussy.

Seonhee was riveted as she watched Cerene thrust herself inside the stunning blonde's pussy. A huge amount of cum poured out of the blonde's pussy as Cerene came again and again. The sister was trying to catch as much of the vampire's cum in her hands before licking it up and swallowing as much as she could. Seonhee watched intently as the vampire's balls flexed up towards her body as she ejaculated inside the gorgeous twin. At that exact moment, as Cerene flooded the blonde's pussy with more and more cum, she deliberately looked over to Seonhee and smirked as their eyes met. It was in that instant, as Seonhee watched Cerene deposit her cream inside one of the spectacularly hot twins, that she resolved to take the vampire up on her job offer, whatever that entailed.

Seonhee didn't have any energy left after her hours-long sexual adventure with the brunette, despite it being the 5:30 am closing time for the club. The brunette was unconscious again and curled up on the couch at the back of the booth after their impromptu marathon fuck session. Seonhee still didn't know anything more about the girl, other than that she was now a champion at taking huge futa dick. A huge amount of cum covered both of their bodies and a large amount of her cum was leaking out of the girl's thoroughly creampie'd pussy. Seonhee's balls were finally empty, and she sagged down into one of the booth's large chairs to rest and close her eyes. Her flaccid cock rested between her legs on the chair's cushion, before the last 6 inches or so dangled off the edge, pointing towards the floor.

Abruptly, the door to the luxury box opened and a nude Cerene quietly entered Seonhee's booth. Before she closed the door, she turned to say something to the waiting host that Seonhee couldn't quite hear. The host for her owner's box wasn't supposed to allow anyone in while she was 'engaged', but the rules clearly didn't apply to the beautiful Cerene. Seonhee took the opportunity to study the vampire's body while she interacted with her employee, wanting to etch every detail and every curve into her memory so she could recall it forever.

Cerene's cock was flaccid now, but still every bit as enormous as she thought it might be. It was completely covered in both of the blonde twin's cum and it draped over her huge balls and hung all the way down below her knees. Cerene's cock was substantially longer and thicker than Seonhee's, or any other futa's cock that she knew of. The vampire's stunningly large tits gently rose up and down, jiggling slightly with each movement.

Cerene then entered the room and turned to sit in a chair opposite Seonhee before crossing her legs. She carefully adjusted her cock and balls in her lap so that her cock hung over one of her legs, out of the way. The whole scene was surreal as Cerene was without doubt the sexiest

person Seonhee had ever met, and she could feel her cock begin to stir despite her earlier exertions with the brunette.

“There’s a new futa in the city.” Cerene spoke softly and calmly, her voice was the most sensual sound Seonhee had ever heard in her life. “She just moved here in the last few days, and I am positive she will be coming by to enjoy your establishment. I need you to seduce her,” Cerene finished.

Seonhee paused for a minute, thinking there had to be more to Cerene’s request. “While I’m happy to fuck some random futa, I don’t know what that’s going to accomplish for you,” Seonhee replied, wondering why Cerene would even bother to call such an act a job. Seonhee would be happy to bang another futa, and barely even needed to be asked to do so.

“And that leads to the second part of our conversation,” Cerene stated, “This new futa is a skilled investigator, and I cannot have her here in my city.”

“What?...Why?” a baffled Seonhee asked.

“She’s here looking for me, and her interest in my activities will bring conflict,” Cerene said and motioned with her hand as if it was obvious.

“But how is me fucking her going to get her to leave, she’s just a futa?” Seonhee asked curiously, “What’s her name?”

“Her name is Hailey, and my cum will gift you some of my powers. I want you to use that power to convince her to move on to Kyoto. There is another one of my adversaries there with business interests that will distract her,” Cerene replied.

Cerene’s cock had started to get hard as they talked, and despite her exhaustion, Seonhee could feel the familiar twitches in her own cock as it began to work itself up. Cerene then crossed her arms underneath her breasts, causing them to smush together and bulge out even further as she studied Seonhee. Her cock kept growing and growing, and Seonhee was certain Cerene was considering their discussion, trying to come to a decision. Cerene was interrupted by her cock, and she had to adjust her position slightly in the chair, as her cock had gotten hard enough and erect enough that it blocked her view of Seonhee.

At the same time, Seonhee was mesmerized by the size of Cerene’s cock. Seonhee was proud that her cock was one of the largest that she knew of. Many of the famous futa models and hung futa pornstars had cocks that were around her size, between 19” (48 cm) and 20” (51 cm) inches long. Seonhee hadn’t heard any rumors of any cocks bigger than that. Even Triss Merigold, the famous pornstar and sorceress, was around the same size as her. Tifa Lockheart, infamous for her huge cock and legendary sexual stamina, was only marginally larger than Seonhee. Now that she thought of it, Tifa’s breasts and Cerene’s were probably close to the

same size, though Cerene was obviously bigger than the famous pornstar and treasure hunter in the cock department.

Cerene's cock dwarfed them all, and had to measure at least 22" (56 cm) long and 15" (38 cm) around. Amazingly, it looked to be thicker than both of the vampire's arms put together, and that thickness was remarkably uniform from the tip to the base. It looked regal and demanding, but still had an undeniably feminine quality to it. Dark veins covered the otherwise pale color of her dick, and it was remarkably straight. Seonhee didn't exactly feel inferior or inadequate, but she was acutely aware that she was in the presence of greatness.

There was a soft knock on the door, which Cerene seemed to expect as she got up and walked over to answer it. Seonhee looked closely at Cerene's body as she walked towards the door. The vampire's now hard cock stuck straight out and was a sight to behold. It swung from side to side with each step she took. Her immense breasts bulged far out to the side, with sideboob from both breasts visible from behind the incredibly sexy vampire. Her ass was strong, firm and smooth, and Seonhee idly wondered if she, or anyone else, would ever be lucky enough to get their cock inside the gorgeous vampire's ass. Looking between her legs, with each step she took, Seonhee could see glimpses of the vampire's smooth, giant balls hanging down.

The door opened and the two blonde twins from earlier brought in the sexy redhead that got a facefull of Cerene's cum while she danced on the club's floor. When the redhead saw Cerene's hard cock, she inhaled sharply and covered her mouth in surprise. Without saying anything, Cerene reached out to pull her in the room before closing and locking the door behind the trio.

The blonde twins immediately went over to wake the brunette, their intent to have a lesbian threesome clear. One of them bent over to gently kiss the girl on the lips, while the other began to spread her legs, eager to get her tongue up inside the girl's cream filled pussy.

Cerene had turned and directed the redhead over to where Seonhee was sitting. The vampire was all business now. "This is Phoebe, and she's distantly related to the futa I want you to fuck." Cerene paused and looked at her with a sly grin, "You are going to fuck Phoebe, and I am going to fuck you." Phoebe was stunningly attractive. Her red hair was long and thick. Her skin was a little on the pale side, but she was also fairly muscular. Not in a bodybuilder sort of way, but she clearly worked out hard and often. Her figure also benefited from some very large tits and thick childbearing hips.

Inside, Seonhee was jumping up and down with joy, and she struggled to keep her smile from showing, failing miserably. She was about to get laid with the most gorgeous futa she'd ever imagined. Seonhee didn't think it was possible for her cock to get any harder, despite the empty feeling in her balls. "So your cum will gift me some of your powers?" she asked excitedly and eagerly, her eyes bright. Seonhee could think of a million ways that power could benefit her.

"Yes." Cerene answered simply as she waved her hand and Phoebe's clothes faded away leaving a slight layer of dust, before that too faded away into nothingness as well. The vampire pushed Phoebe to her knees, and the redhead found the tip of Cerene's cock hovering just a few inches above her face, looking very delicious. Phoebe opened her mouth wide and stuck out her tongue, just as a large glob of cum oozed out of the vampire's cock, which Cerene made sure to deposit directly in the girl's open mouth. After swallowing, Phoebe struggled to get Cerene's huge cockhead and a few inches of dick in her mouth, but she succeeded and gave it every effort to suck as much cum out of the vampire as possible. Cerene shuddered at the sensations the redhead's blowjob gave her.

With her cock in the redhead's mouth, Cerene looked at Seonhee. Her silver eyes seemed to glow and shine even brighter and she reached out to touch Seonhee's forehead. Particles of light circled her hand as she gestured. The touch of her fingers revitalized Seonhee, bringing her much needed energy. Seonhee's already hard cock swelled even larger. The empty feeling from her balls vanished, and she could feel the familiar churning of cum that happened when she knew she was about to get seriously laid. Her breasts tingled, and tiny droplets of milk formed on her nipples. A small amount of cum bubbled up through her cock.

While Seonhee experienced her revitalization, Cerene directed Phoebe to the opposite chair, pulling her legs up, spreading her wide, and opening her body up for what was to come. A huge smile broke out on Phoebe's face as she looked at Seonhee's huge cock that she knew would be buried inside her in the next few minutes.

Cerene tenderly brushed the bright red hair out of Phoebe's face before standing up and directing her cock back into the redhead's mouth. Seonhee was so intensely turned on that the girl continued to smile and look her in the eyes, all while struggling to get the vampire's cock back in her mouth.

A few steps brought her over to Phoebe's chair, and Seonhee leaned over to brace herself on the chair's arms. At the same time, Phoebe reached between her legs to gently line up Seonhee's very, very hard cock with her pussy. Cerene swiped her cockhead above Phoebe's head, leaving a long and thick trail of cum across her face, before she backed away from the chair to begin stroking her own cock as she watched the erotic scene develop between Seonhee and the redhead.

Seonhee was so intensely turned on that her cock seemed to be harder than it had ever been before. With Phoebe's guidance, her cock slid easily between the redhead's extremely wet pussy lips. Seonhee slowly began to plunder the girl's pussy, though she suspected some of Cerene's strange magic was at play that eased her penetration of the girl. Phoebe, with Cerene's cum still on her face, moaned out and eagerly watched Seonhee before inhaling sharply and opening her mouth in a silent scream as she felt Seonhee's cock plunge completely through her vaginal canal.

"I discovered your club a few weeks ago, and I've come here 3 times, hoping you'd pick me out and bring me up here," Phoebe confessed to her. Seonhee could feel every fold and crevice in Phoebe's pussy as it stretched out to accommodate her cock. The redhead's toes curled, her legs shuddered, and every muscle in her torso flexed involuntarily as she was penetrated. Over the course of a minute, and in one smooth, unstoppable motion, Seonhee was able to sink her entire cock inside the gorgeous redhead. The redhead was unbelievably wet, and she urgently ground her tight pussy against Seonhee's body. Phoebe's hands pulled on Seonhee's hips, trying to pull the futa deeper and deeper inside her until her balls gently came to rest against the girl's ass.

"Mmm, was it worth the wait?" Seonhee asked the redhead.

"YY...Yes!" Phoebe screamed out as Seonhee ground their bodies together. Seonhee could feel her cock soaking inside the redhead's womb as her pussy twitched and quivered around her.

While fully embedded inside the redhead, Seonhee paused to look over her shoulder at Cerene. The silver haired vampire watched her with a profound look of lust and desire on her face. She bit on her lower lip, and she was sliding both of her hands up and down her absurdly long and thick cock. With her hands on her cock, Cerene's arms pressed her giant tits together. Great blobs of pre-cum and milk dripped down until several small puddles formed on the floor.

Behind Cerene, Seonhee could see the 2 blondes and the brunette in the midst of their own horny threesome. Both blondes were on their knees eating out the creampie she'd left inside the attractive brunette. The girl gave Seonhee a lust filled look as she endured the pleasure the blondes were giving her.

Shifting her eyes back to Cerene, Seonhee started to slowly withdraw her cock from the gorgeous redhead. Phoebe, with one of her fingers, redirected Seonhee's attention back to her. Phoebe grinned and looked directly into her eyes. The redhead's pussy lips gripped her cock tightly, and she continued to grind her hips, which swirled Seonhee's cock around in little circles. For a brief second, her cock popped free of the redhead's pussy, at least before one of Phoebe's hands corralled her dick and placed the tip back inside her pussy.

Phoebe immediately began pulling at her body again, Seonhee sank her cock balls deep inside the redhead for a second time. She paused there as she leaned in to kiss her new lover, which smeared the cum Cerene had left on redhead's face all over both of them.

As she passionately kissed her new lover, she felt the vampire gently place one of her hands at the small of her back. The next thing she felt was Cerene's cockhead inadvertently poke her in the middle of one of her asscheeks. The vampire, despite having this fierce, demanding and uncompromising reputation, let out a very un-dangerous sounding giggle.

Phoebe's hands started squeezing her breasts, and the girl moaned throughout their kiss. At the same time, Seonhee could feel a sizable amount of the vampire's pre-cum dripping onto and coating her ass. Cerene rubbed it in possessively with both hands, and then she felt one of the vampire's fingers rub a large glob of her thick pre-cum into her tender asshole. Seonhee, despite her horniness, was a bit nervous. It had been a long time since she'd taken another futa's cock in her ass. And she'd certainly never taken a futa cock as large as Cerene's before.

Phoebe, though, was doing a remarkable job of distracting her. The girl's pussy caressed and squeezed her cock in all the right places. She could feel the girl's pussy creaming around her cock, lubricating herself and adding to the experience.

A warm feeling seemed to radiate from all of Cerene's cum being rubbed in her ass, and she could feel her body relaxing. Phoebe moved to reach her hands around to grab Seonhee's ass possessively, before she began to pull on and spread her ass cheeks wide for Cerene. Seonhee's entire body tingled in anticipation of the assfucking she was about to receive.

Seonhee felt Cerene's cockhead begin to split her asscheeks apart. It wasn't even inside her yet, and Seonhee arched her back even more, as Phoebe pulled her ass cheeks as wide as possible.

The giant dome at the tip of Cerene's cock pressed against her tiny quivering asshole, it was coated and lubricated with a warm mix of her own juices and a steady flow of silky precum.

Cerene continued to rub her hands all over Seonhee's ass in a seemingly futile attempt to get her rear entrance to relax and to open wide enough to swallow almost 22 inches (56 cm) of raging hard girl-cock.

The pressure of Cerene's thick meat repeatedly pressed against her backdoor. Cerene whispered over and over "That's a good girl... that's a good girl...", and the unparalleled spikes of pleasure sent Seonhee's senses into ultra-overdrive.

Seonhee realized a tiny bit of drool dripped from her mouth onto the redhead beneath her. The redhead looked on in awe as her pussy repeatedly flexed and twitched around Seonhee's cock.

Seonhee's eyes rolled back into her head again with each firm push against her ass. "...Ohhhnnnn... hnnnngh... ohhhhh... keep... keep going... fill my ass with cock... fill my ass... ohhhhh..." she moaned out.

"...Haahhh... oh... ohh... ohhh... I'm... I'm trying... god, you're tight... wait, I think I'm... OH!"

Seonhee's entire body jerked on top of the redhead beneath her as the very tip of Cerene's slick, thick girdick pushed past her petite anal pucker.

With her cockhead at least now a little snug and secure in Seonhee's ass, Cerene increased the force of her back and forth movement a fraction at a time. Over the next ten minutes, she slowly drove her precum-oozing dick bit by tiny bit past Seonhee's convulsing, clenched little ring. Each gentle thrust further into the club owner's breathtaking butt met with low grunting and blissful sobs only partially muffled by the redhead sticking her tongue in Seonhee's mouth.

With her cock now successfully lodged inside Seonhee's gorgeous ass, Cerene carefully, but now more confidently, began fucking her with harder and longer thrusts. Seonhee groaned out loud as Cerene fed more and more of her thick, rigid girlcock past her backdoor. The groans Seonhee emitted sounded to her as if they were coming from someone else entirely.

Both Seonhee and Phoebe had never felt more full, and Cerene had only just started.

Cerene moved both of her hands to Seonhee's hips, no longer needing to coax Seonhee's remarkable rear end with tender rubs and supportive pats to open up wide enough to accept her cock.

As Cerene pushed her cock deeper inside her, Seonhee felt something she never expected, a sensation rising above the earthquakes of pleasure rumbling throughout her body as Cerene rammed her perfect cock in and out of her ass. Seonhee could feel her ass stretching around the vampire's absurdly thick cock. Orgasm was suddenly thrust upon her and she cried out before her cock blasted out her first load of cum inside the redhead.

Phoebe gasped and her pussy quivered in a powerful, perpetual climax. "Nn..Never.. never been this full.. before..." she gasped, as Seonhee rapidly filled her womb up with cum. Wave after wave of sperm-rich cum followed. Phoebe's poor cervix held in what it could, but the tide of extra-creamy spunk flooding into her proved to just be too much. The pressure inside her cum-filled pussy built up until thick ropes of cum shot back out through her pussy to splash against Seonhee as she continued to pump buckets of gooey semen into the pleasure-wrecked redhead.

The redhead squirted repeatedly as she was filled up with Seonhee's cum. Phoebe squeezed and pulled repeatedly on Seonhee's ass, making sure she remained fully impaled on Seonhee's magnificent cock all throughout both of their massive orgasms.

After her orgasm, Seonhee was still conscious enough to feel the warm skin of the vampire press up against her butt, signaling that Cerene had truly filled her as completely as possible.

Finally, the moment they were all waiting for. Cerene was balls deep inside Seonhee's ass, and Seonhee was balls deep inside Phoebe's cum filled pussy. In a brief moment of clarity, Seonhee wondered if she would ever experience this amount of pleasure again.

Now Cerene could pour herself into Seonhee's ass.

"NNNNNNGGGHHH!!! NNNGHHH!!! IT... FEELS... SO... GOO-O-O-D-D..." Phoebe babbled deliriously.

"...Cerene... ohhh!... unnnhh!... ohh!... You're... oh!... all the way... unnh!... in! ohhh! OHH!" Seonhee screamed out at the same time.

Already Seonhee was beginning to feel overwhelmed. "Mmm...it's been a long time since I've been inside another futa's ass," Cerene moaned to herself. Pre-cum bubbled up out of Cerene's cock as she pressed into and repeatedly penetrated Seonhee's very tight ass.

Again and again and again Cerene pulled her beautiful cock nearly all the way out of Seonhee's ass, only to drive it back home, the incredible tightness of the messily climaxing futa's ass driving her crazy.

Seonhee rested her forehead against Phoebe's. She knew what was coming. Just when she thought that maybe taking Cerene's cock was too much for her body to handle, she felt the one thing she had been looking forward to since Cerene had first pressed the head of her dripping cock into her ass.

Cerene's thunderous orgasm rippled through Seonhee's body like wildfire.

A river of sticky, syrupy semen raced out of Cerene's cock to explode deep within her ass. The first gloppy ropes of Cerene's cum splurged out deep inside Seonhee's ass, filling her entire colon in mere seconds. Cerene's thrusts in and out of her ass slowed throughout her orgasm, and then stopped entirely. Seonhee felt Cerene's balls come to rest, laying up against her own balls.

For several minutes, Cerene's cock twitched again and again as she came over and over inside her ass. Phoebe whispered in her ear, "Mmm, you're going to have to cum in my ass like that..."

....

Seonhee glanced at the clock on the wall, which read 9:00 am, and she sat in the chair opposite Cerene. Phoebe and the brunette were on their knees cleaning and sucking on her semi-hard cock.

Cerene sat in the chair against the opposite wall, and the two blondes were giving Cerene what looked like a spectacular blowjob.

"Now Seonhee, it's time for some instruction on your new powers... After all, you have a job to complete for me," Cerene's still unbelievably sexy voice projected.
