Who summoned me....!

Grrrrrrrr

State your business, summoners...

Oh mighty God!
We thank you for answering our call!

Star-ble!

Is that so...

Hmm....

The entire tribe is experiencing great famine as all woods and animals we prey have burned into ash by the greatest forest fire in 20 years.

The great one....
The reason why we have called you is to.....
recover the forest from a great disaster.

Calm down...

Sob...

Thus, we have summoned the great Fuliton, the mighty God of life and flame.

Well, you'll pick up the details of the job as you go.

Oh.. About that.

Then, by 'medium', you meant me?

This is how it's done.

Ugh!

We are the demons from hell who always craves the living body.

We can interfere in the physical realm by, what you mortals call it, "possession".

..WOW

Hmm.. Yeah..
I can feel
your pulse,
a vividly
living body.

And even better,
it's well-trained body.
You were able to fully
contain my spirit.

Your unrevealed
talent of being
a spiritual medium
helped containing me.

This feeling of
bursting of cum
that's been held up
for thousands years.

Whoahhhh!
What is happening?
Give me back control
of my body!!!

Bear it.
It's for your
own wish(?)
to come true.

Gosh, this is a loud one.

Ugh...

But first,
Let me have a reward
for myself upfront.

Lick!

That body is
so enticing to my taste!

Wh...

What
reward?

I used a little of my power to keep your body safe. My cock will not kill you.

Bwahahaha

After a few dozen copulations, the demon was satisfied and recovered the burned forest for the tribe to get out of famine. However...

a random tribe member gets possessed by the spirit and rapes others from time to time....
