

Grah!

Fufufu!

Grah!

Huff!

Huff!

Exit?

Here...

Oh?

Horns...

Skin...

Would you look at that~ My toy made it all the way to the top.

But let it be known I can be a benevolent Lord. I offer thee a duel. A duel for your life and freedom.

GYAH!

AH!

That's unfair!

Yeah!

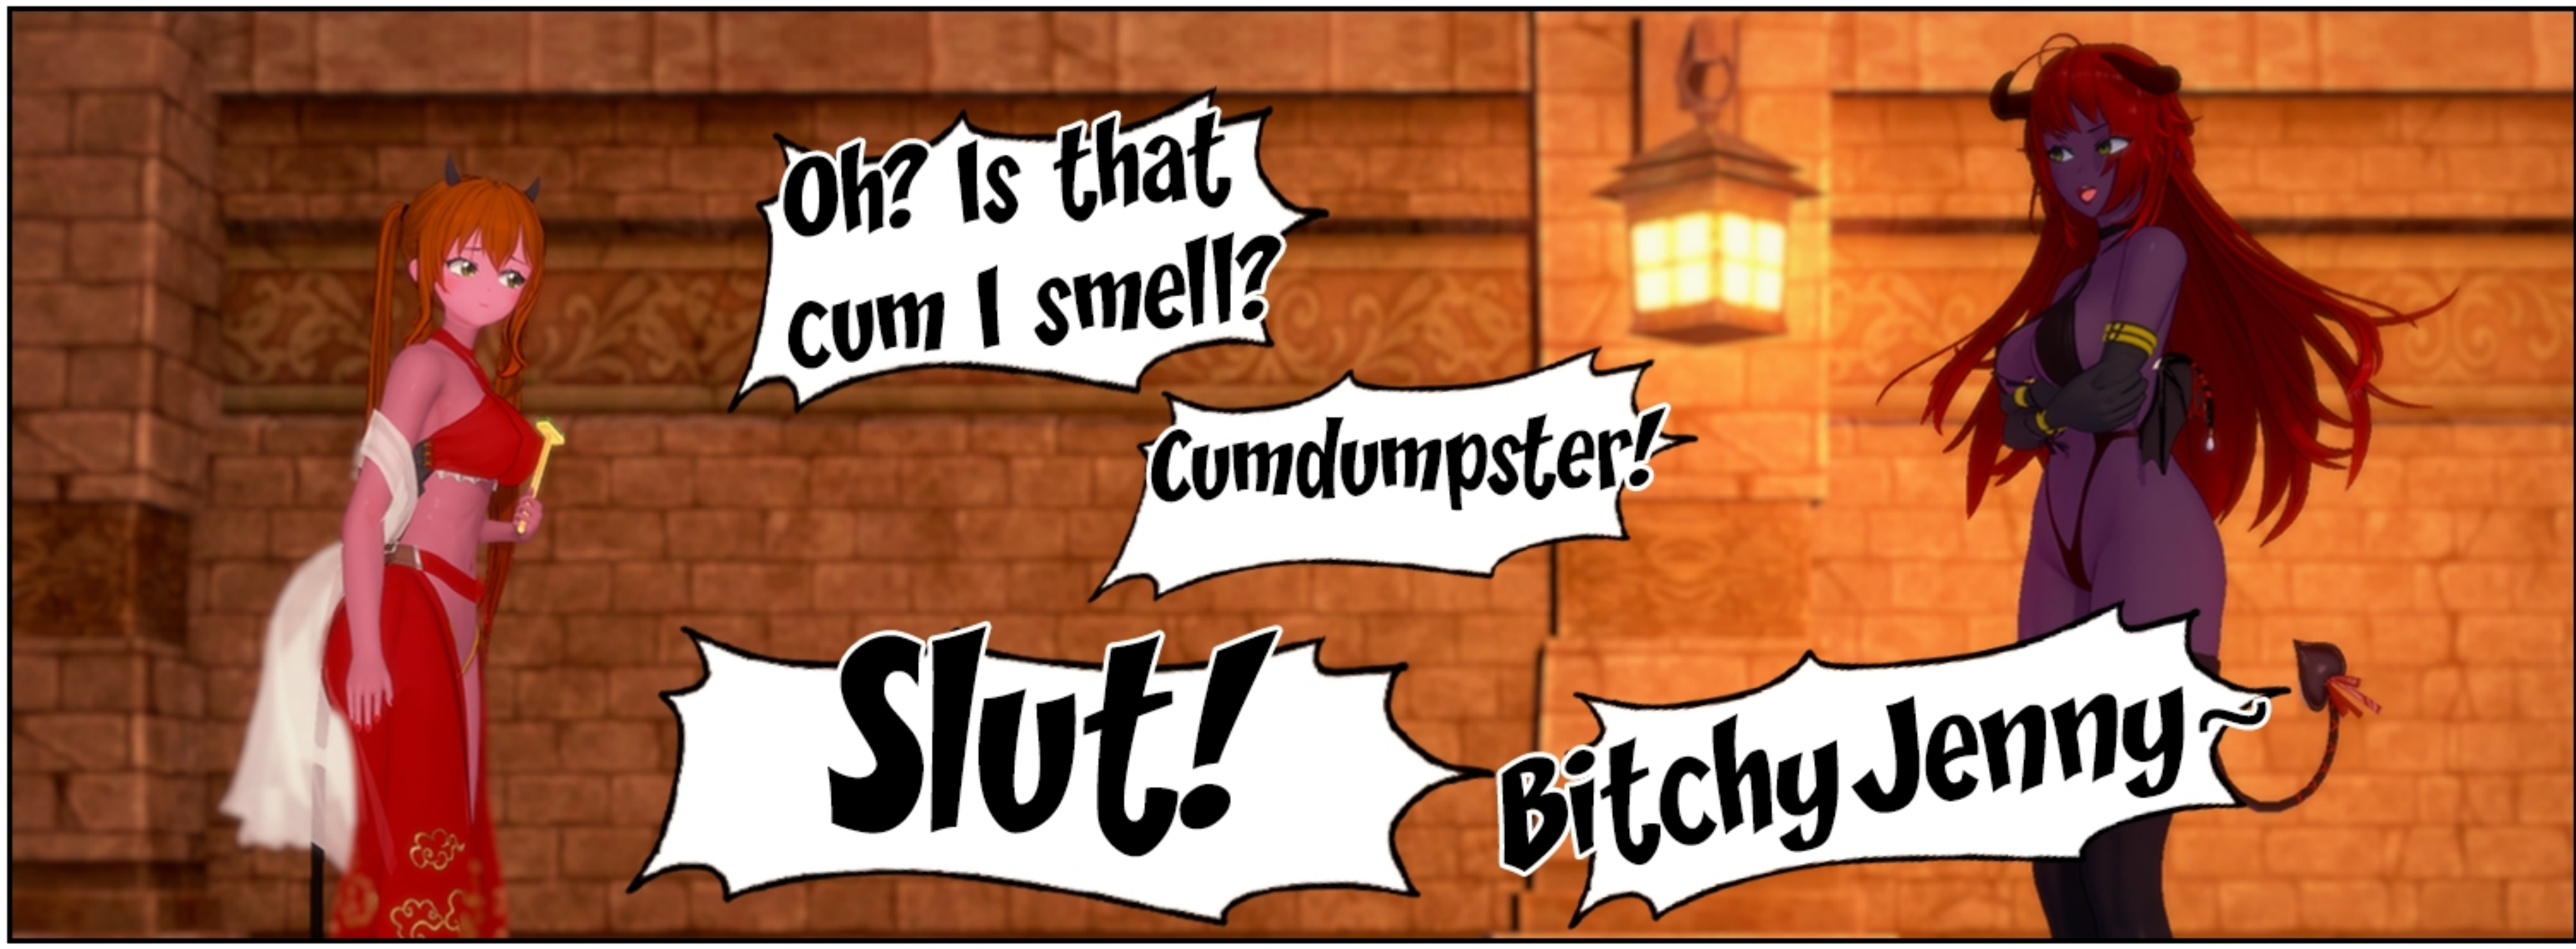

Oh, I suppose you three can handle my army alone then?

Gulp!

I... I'll do it

I'm sorry you got caught up in this... Normally, I'd be your rescuer, but how did you make it safely?

**Well done.
All of you.**

I want to congratulate Jenny, even though he is a human... she is a human, she managed to travel all the way here and adapt to a unknown environment.

T-Thanks!

Lily, you were committed and managed to complete your first mission. You should feel like a proud and noble knight, as you now are.

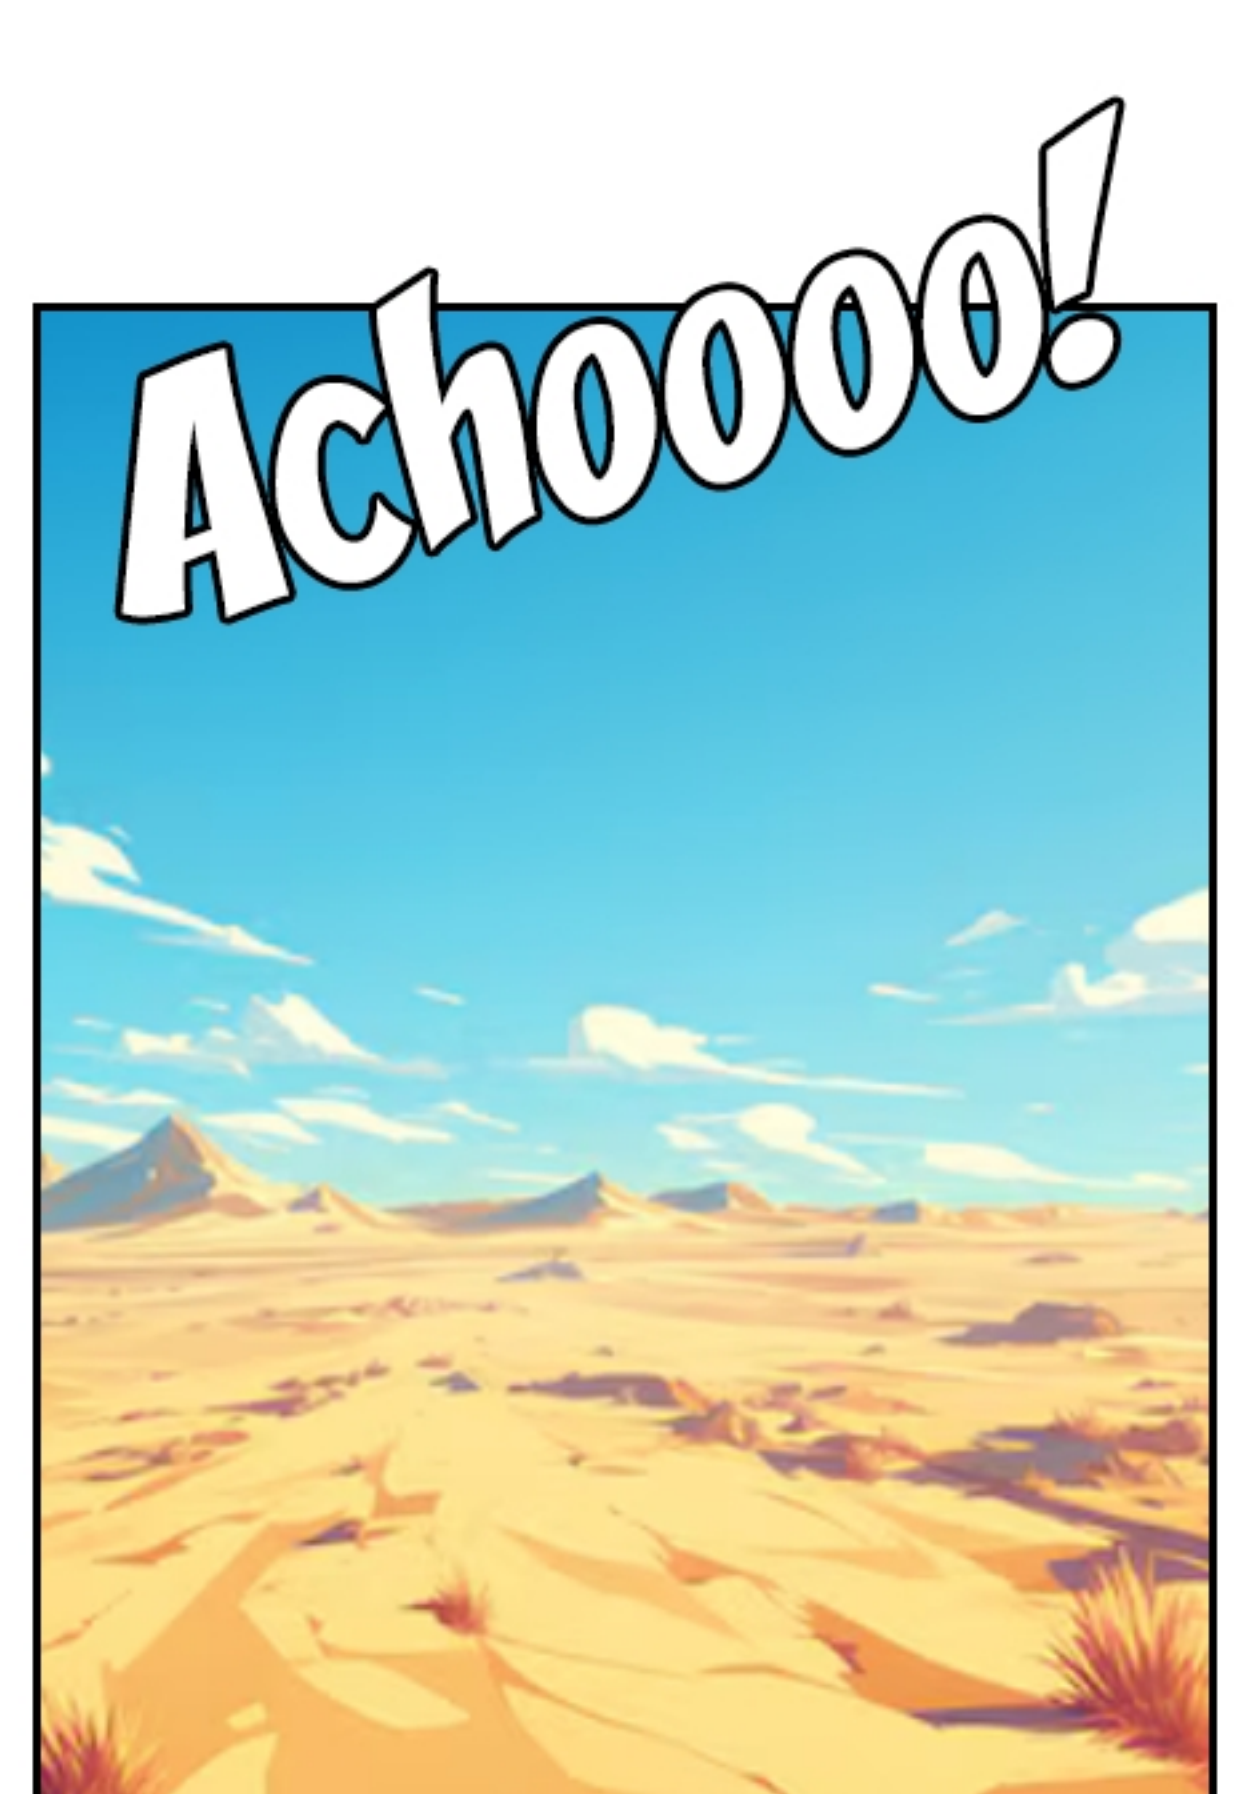

**Will you share
a night of passionate
love, as a reward?**

Uh... No.

Felicia, you must have joined the group when you were needed. You are a loyal and dutiful soldier... that probably put Lily in check.

Nyah~

*And then I go to school...
day and and day out...*

Go back...?!

*Spend time in traffic...
rinse and repeat...*

Let's go.

Sorry...
But I don't
think I am
going back...

Grow... Grow...

Hehehe...
