

Stopping before the bed, I turned to face her properly already finding her flushed gaze looking back at me with a shy smile.

“I forgot to mention, but you look beyond sexy right now.” I muttered with a narrowed gaze as I looked down and admired her figure once more, paying special attention to her breasts and the way they rose and fell hypnotically.

“It’s taking all my self-control not to throw you over the bed, bend you over and have my wicked way with you.” I admitted as I leaned down to her now red face and kissed her ear making her shiver.

“Y-You’re more than welcome to do as you wish, Caius-sama.” Astra muttered demurely with a small moan as she closed her eyes and placed her hands on my chest while looking up at me with lidded eyes.

“I made this body with you in mind after all, and nothing would please me more that you like it.” She continued as she started breathing harder and the smell of her arousal hit me a second later telling me that she was speaking the truth.

“No,” I said with a shake of my head and banished the thoughts of doing just that as I held her cheek and looked into her eyes. “Not for our first time at least. That will come later.” I growled as I leaned down and nipped her neck with my teeth making her let out a small moan and turn her head to the side giving me more access.

“A-As you wish. Just please don’t stop touching me~”

Heeding her plea, I let my hands finally settle on her magnificent breasts that I had spent a good time of the day staring at today and cupped them, feeling my hands sink into them a bit causing Astra to moan louder.

Her nipples were already hard from arousal and I didn’t waste anytime letting my thumb brush over them and pinch them to my heart’s content while I kissed up her neck before taking her lips into my own again.

“Mmn~”

Letting myself fall back on the bed, I sat down on the edge bringing Astra along for the ride and forcing her to straddle my thighs, as she wrapped her arms around my neck and pulled me closer.

Letting one of my hands wonder, I slowly explored her thick thighs before reaching back and grabbing a handful of her perfectly round ass and giving it a nice squeeze.

“Aaah~ Caius-sama!” Astra gasped breaking the kiss and letting out a loud moan before she started moving her hips unconsciously with her drenched panties rubbing over my covered rod sending shivers down her spine.

Wanting to see more of her beautiful body, I quickly did away with her lacy bra and threw it carelessly across the room causing her breasts to bounce free, revealing perfectly sized and already erect nipples. Not wasting the opportunity, my mouth soon wrapped around her left nipple and I gave it all the attention it properly deserved.

“Yesss!” She moaned as she brought my head down even closer to her breast and started panting.

Continuing my actions, I soon felt her hips speed up even faster before locking in place as she let out a cute squeak and I felt my underwear become wet as she had her first orgasm.

I continued licking around her nipple as Astra shuddered on top of me before she calmed down and a moment later in a move that surprised me, she shoved me with my back hitting the bed.

Blinking I looked down at her to see her with a flushed face and almost delirious smile with her gaze focused entirely on my crotch where my boxers were doing their best to contain the big tent behind it.

“My turn, Caius-sama~” she all but purred she silently asked me to crawl further into the bed and she followed me on all fours before setting her perky ass down between my legs and with a quick move shredding my underwear making my cock spring free finally and stand proud.

“Hmm, now that I have a human body I read that Caius-sama’s penis must be well lubricated for easier access.” She stated with a wide smile as one hand quickly wrapped around the base and started playing with it for a moment like a curious cat with a new toy.

“That’s only for humans, Astra. It shouldn’t apply to us.” I said in amusement but didn’t interrupt as she curiously bent her head and sticking out her tongue, gave my head a testing lick.

“Mmn, delicious~” she murmured as her eyes became even more clouded in lust before doing it again with more enthusiasm and treating my dick like a lollipop.

*‘This is fucking hot! Did she browse the internet for porn or something while I wasn’t looking?’* I thought in pleasure as I grunted when Astra finally took the head into her mouth and started sucking.

Not one to stand idle though, I smirked and with quick movements maneuvered the horny Astra into a 69 position with me looking straight up at her drenched panties.

“C-Caius-sama! I thought I said to leave this to—Mmmn~” Any complain she might have had quickly disappeared as just like her previously, I tore her panties off her hips and didn’t waste a second before I let my tongue slide over her tiny opening.

“¡N-No fair~ Glug, glug!” Even as she cutely complained, Astra not wanting to be beaten, took my entire length down her throat and started vibrating her muscles making it almost feel like a second pussy.

“L-Learned some tricks, eh? Well, two can play at that game.” I declared before enlarging my tongue to about double the size and sticking it in her tiny opening without warning as my nose rubbed her small nub.

“Gggghhhh~”

The effect was immediate as I felt my lower face become drenched as Astra had her second orgasm causing her legs to lock over my head keeping me there.

To her credit, she recovered faster this time and a second later I felt her begin moving her head back and forth at a much faster pace. Then copying me, I let out another groan as I felt her tongue also become bigger and wrap around my length and then resumed her task of bringing me to orgasm.

Feeling my end soon approaching, I dug back in to her gushing opening and did my best to bring her to orgasm again idly wondering how she had managed to make her cum taste like cherries, something that I loved.

With both of us focused on our task, it didn't take long before I exploded deep inside Astra's throat as I did my best to lap up the juices leaking down her opening.

Once that was done, I finally pulled away and licked my lips letting go of Astra's thighs who without me supporting her, slid down to my side with her face down and ass up as she took deep breaths.

Having a perfect view of her ass moving up and down while her pussy twitched from her release, I felt myself instantly ready to go again and quickly maneuvered us to where I was looking down into Astra's flushed cheeks and pleasure filled gaze in the classic missionary position.

“Ready, my dear Astra?” I growled into her ear while gently biting it and lifting one of her legs as I lined myself up with her wet entrance. “I don't think I can hold myself back anymore.”

My words only caused her to smile even wider and wrap her hands around my neck. “Do it, Caius-sama. Claim me~”

Growling at her words, I didn't waste a second and was inside her the next moment watching in satisfaction as her eyes rolled to the back of her head and her entrance became almost like a vice as she came undone again.

*‘I think I might become addicted to this.’* I thought silently watching Astra's sexy figure and especially the way she looked at me with such lust and love in perfect harmony.

*‘Oh yeah, definitely.’*
