

14 years ago...

Yeah...
I just got home.

I'll call you again
once I'm inside.

쿵

You're late.

!

Carter.
What are you
doing there?

.....

...I guess you lost track of time hanging out with your boyfriend.

You've looked awfully happy lately.

...Sorry.

You haven't had dinner yet, right? I'll fix you something real quick...

!!

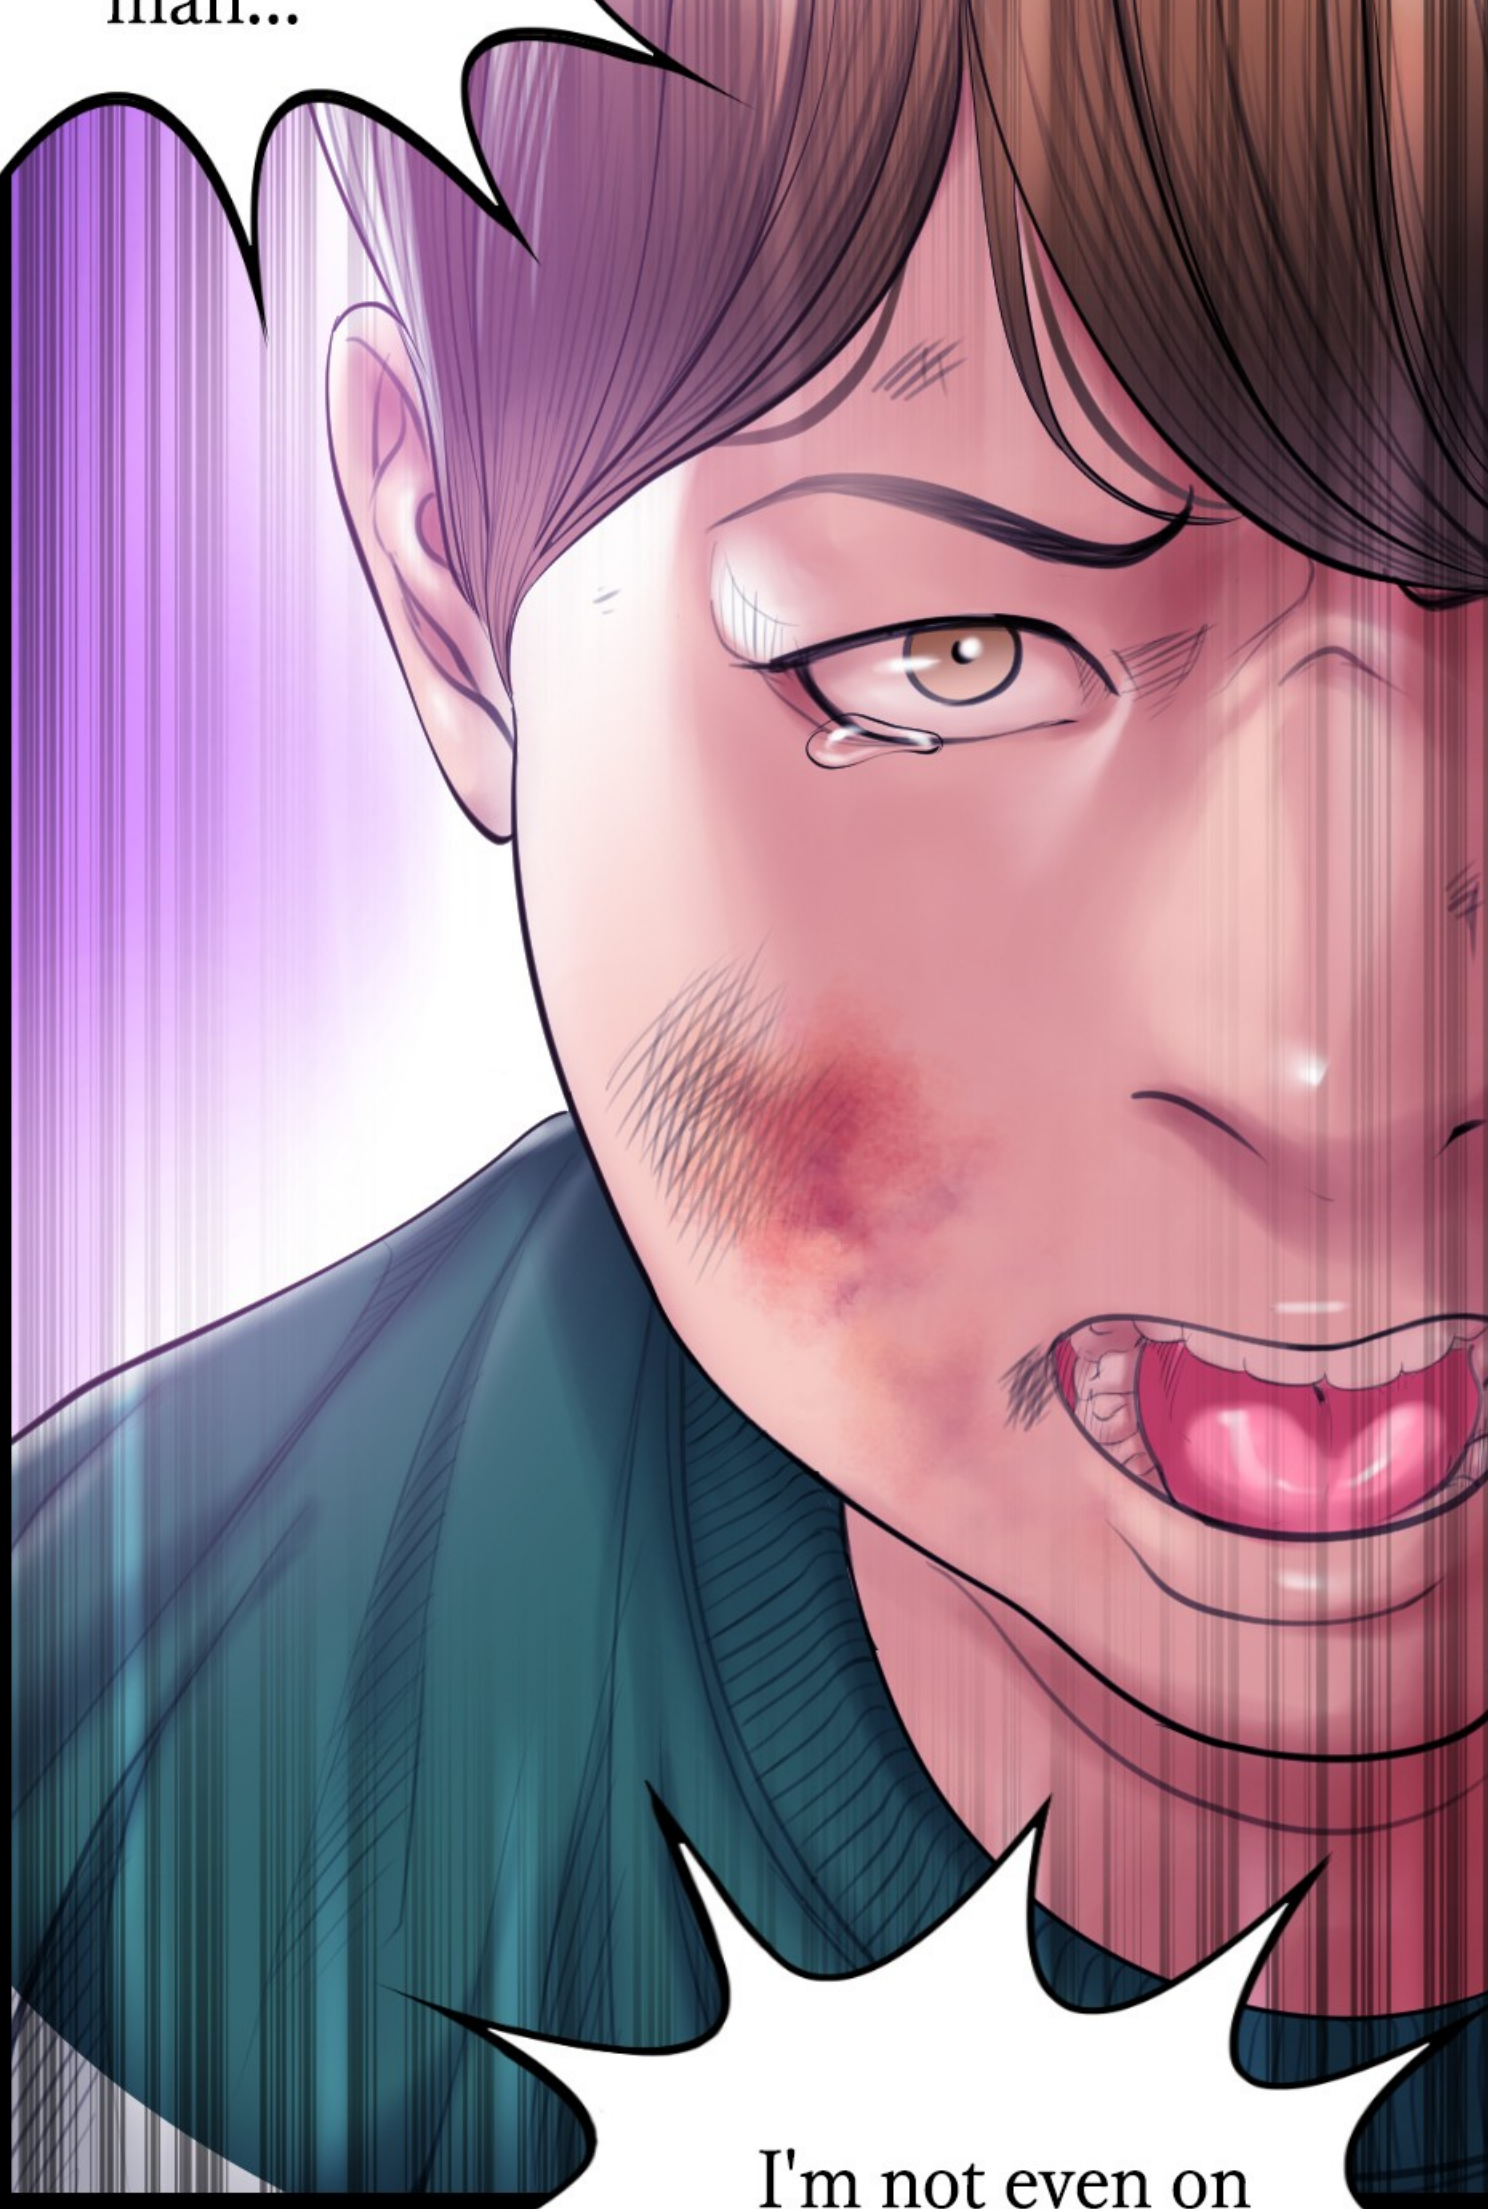

..You're just like Mom.

You have no interest... in what I go through outside.

...!

Just like Mom, who
ran off with another
man...

I'm not even on
your radar, are you!

.....

C-Carter...

Don't say that...

No matter what happens...
you are my priority.

I'm sorry I haven't been there for you...

Carter was a child with severe emotional deprivation, and I had to give up many things to take care of my brother.

I had to become strong to protect him,

and as I filled the role of both parents, interests like dating or hobbies naturally drifted away.

Still, I have never regretted living that way.

Thanks to my care, Carter grew into a fairly dependable adult—

Carter grew into a fairly dependable adult—

Carter's obsession only grew more intense as he got older.

Carter!
What the hell are you doing?!

"You piece of trash... how dare you lay your eyes on my sister?"

Fuck off, right now!

Just how the hell do you carry yourself for so many men to hit on you?
You're like a total slut.

What? Why am I looking at your phone?
What's wrong with a brother looking at his sister's phone?

Phew...

giving a sister this beautiful to another man...
I hate even imagining it...

Mmm...

You...

can never escape me forever...

What are... these memories...?

What are... th

I heard the
gist of it from Mia.

...!

Your parents pretty
much abandoned the house,
so you practically raised
your brother alone.

That's why he relied on you
so much that it turned
into an obsession.

Aaah...♡

Ahngh♡

Taking care of that pathetic brother...

you probably never got to date properly or enjoy happiness as a girl. It must have been so hard for you.

I'll teach you.

The true happiness of a girl.

...!

N-no...!

Not that... absolutely...!

There's no need
for useless pride.

?!

You know it too,
don't you?

Your body is already...

...craving the
pleasure of a female.
