

Chapter 13: Marathon Man

(Lemon)

Walking inside the bedroom we stopped before a messy bed but with a snap of my fingers the bed disappeared and a new one replaced it. Then with another snap the room was illuminated with a bunch of candles giving the room a romantic vibe.

Turning to a softly blushing Ciel who was fidgeting in place and rubbing her thighs, I smiled at her before cupping her cheeks and bringing her in for a kiss that she gladly reciprocated.

“Mn Masteeer~” Ciel cutely moaned as her hand came up to my chest and caressed it.

“You’re beautiful Ciel~” I murmured against her lips smiling as I felt her happiness spike at my words.

And she really was. She looked somewhat like a version of Rimuru but hyper feminized in all the right places with bountiful breasts and a perky butt. Her height was about average only coming up to my chest so I guess a little tall for most Japanese girls.

All in all my Ciel, knowing all of my likes hidden or not, had sculpted this body just for me and I loved her for it.

“Master, let your Ciel do all the work tonight. You just relax~” Ciel said cutely pulling away from our kiss and gently pushing me against the bed.

“Hehe as my Ciel commands~” I smiled deciding to go with it and made myself comfortable in the middle of the bed dismissing my pants too leaving me only in my boxers.

Ciel smiled a bit smugly at my acceptance yet somehow still appeared shy despite it and I felt my boxers become a bit tight in response. Her grin growing a bit she slowly walked to the edge of the bed before crawling on all fours up to me.

As she reached my stomach she paused and slowly kissed her way up my abdomen giving my nipples a teasing kiss before finally she was face to face with me again and pulling me into a soft kiss with her lips perfectly molding themselves to mine as if we were two pieces of a puzzle.

“You’ve been researching this.” I muttered as our lips came apart again and smiled as her face turned a bit red. “Who knew my Ciel would resort to looking up porn as research material for this moment~”

“N-No Master must have imagined it.” Ciel responds immediately resorting to her old habit when she’s embarrassed or caught doing something sneaky.

"I'm sure~" My grin increases in size dropping it but silently letting her know that I was onto her.

"H-Hmph, Master should just enjoy himself I suppose." Ciel cutely deflected and in an attempt to get away from looking into my eyes she started peppering kisses down my chest again.

Beako! Is that you?

My amusement was put on hold when I felt Ciel finally reach my boxers and looked down shivering in pleasure as she sat her perfect ass between my legs while staring intensely at my obvious arousal.

Noticing she was staring too long even I felt a little embarrassed. "H-Hey Ceil dear, you're staring."

My words seemed to break her out of whatever trance she was under as she blushed and in a fit of embarrassment grabbed my boxers and all but shredding them to pieces.

My cock sprang free and hit her cheek with a loud 'smack' causing her to blink and back away a bit. "It's way bigger up close." She whispered in awe boosting my ego.

Seeing my smug smirk, she coughed into her hand in embarrassment before slowly reaching out with her right hand and grabbing me by the base getting a groan from me and causing her to freeze.

"I-Its okay Ciel, that felt good. Keep going." I encouraged not wanting her think she had done anything bad.

Nodding silently at me, Ciel focused back on my dick and experimentally gave it a thrust getting another shiver from me. "It's warm."

Getting encouraged by my reactions and no doubt processing the tiniest details of how my body was responding, Ciel continued with renewed interest.

Proving how utterly bullshit she was at processing information; it only took her one or two tries of experimenting before she got the hang of it and started giving me a proper handjob before she added her a second hand increasing my pleasure.

"You're doing great Ciel~" I whispered with my eyes not leaving her form for even a second wanting to engrave this scene into my very soul.

"It is only expected~" Ciel suddenly smiled smugly up at me while her hands never stopped moving. "Out of all of Master's lovers, Ciel has been with him the longest and thus know him the best~"

Feeling bold she stopped for a moment bringing her hand up to her bra and quickly disintegrating it without a thought letting her breasts, a high D-cup, free causing them to bounce up and down a few times. Zeroing my eyes on them, I saw a pair of perfect Hershey kiss nipples that were already hard.

'And there's my sassy Ciel.' I smiled in amusement glad that she felt that way since it was true anyways.

Letting me get a good view of her breasts, Ciel smirked and leaned down again sandwiching my dick between her perfect breasts.

I immediately let out a sigh in pleasure as she did feeling great only to pause as I felt her breasts become a bit wet and looked down only to smirk. "How sneaky, using our unique biology to make sure I'm properly wet."

"Due to all the res- 'ahem' I mean from your experiences I have deemed that it's best if the d-dick is properly lubricated before insertion or massage to heighten Master's pleasure." Ciel excused herself and not waiting for a response immediately depthroated me causing my retort to turn into a moan.

"Glk, glk, glk." I couldn't say anything after that as she started bobbing her head up and down using her breasts to massage the rest.

"Ciel~"

"Glk, 'pop' haah, Master please don't worry about me and let go. I know Master always holds back for the sake of others afraid of breaking them but I assure you I will have no problems." Ciel said before going back to almost making me cross-eyed.

This sneaky girl must have definitely researched everything about sex before tonight. And knowing her perfectionist nature, she must have watched literally millions upon millions of hours of porn, hentai or anything sex related.

What a deviant.

Was it wrong of me to think that was both hot and extremely endearing? After all she had done all of that in order to please me.

My thoughts halted as I felt my devious Ciel start sucking like a vacuum and looked down to see her looking up at me with a huge blush.

Oops, seems she heard me.

A moment later I felt my release approach and unable to help myself I grabbed her head and shoved it down before groaning and cumming directly down her throat.

“F-Fuck! Make sure to swallow it all Ciel.” I commanded looking down at her flushed expression and seeing her desperately working her throat muscles until there wasn’t a drop left.

“Haah, haah. Master’s essence is truly delicious~” Ciel said finally pulling her head away and licking her lips unconsciously. “Now I see why all those humans can’t get enough of Master. Master is literally empowering them every time they take your seed.

Dragon Blood in combination with Sticky Fingers: Alter Flavor for the win.

Making sure to clean me properly Ciel crawls up to my lap and sits just below my dick as she looks at me with affection. “Master and I will finally become one.”

“We’ve always been one, Ciel.” I said with a smile just stating the truth.

“Yes, and we will remain together for all of eternity~” Ciel happily nods in agreement as she raises her hips and properly lines me up with her virgin slit after sliding her panties to the side.

Then without delay she drops down impaling herself on my dick and throwing her head back in a moan. “Finally~”

=====

Back With the Others

While my other self had fun with Ciel, I busied myself loading up all the guns and making sure they were in proper working order before setting them aside somewhere safe—far enough that none of the girls would trip over them by accident.

Once I was done, I took a seat at the edge of the bed, cracking open an ice-cold soda I’d found downstairs. I took a sip, savoring the rare taste of something refreshing in this chaos, when I heard the sound of light footsteps approaching from behind. I paused, waiting to see who it was and what they wanted.

I got my answer a moment later.

Two soft, massive breasts pressed into my back, and a pair of arms wrapped themselves around my neck from behind. My vision filled with blonde as Shizuka leaned over me, her head resting comfortably on my shoulder, her voice playful and flirtatious.

“Akari-kun~ There you are~ Why didn’t you join us in the bath? I was waiting for you~” she pouted, giving me a teasing kiss on the cheek without warning.

Smelling the alcohol on her breath, I had a pretty good idea of where this was going. So, without a word, I discreetly created yet another parallel version of myself, who materialized off to the side before quietly slipping out of the room and locking the door behind him.

Now alone with the hot blonde, I felt her turn my cheek towards her and let her before a pair of soft lips met my own that I gladly welcomed.

Moaning into the kiss with her eyes closing in happiness at not being rejected, Shizuka closed her eyes and deepened it as her left hand crawled down my chest until coming to rest on my crotch and started rubbing it.

While normally I should put a stop to this since she was somewhat tipsy, I discarded that idea immediately and let her do what she wanted. We were both consenting adults, even if she didn’t know that, and I was not going to turn away this bombshell of a woman for something as silly as respect.

Besides, Shizuka was *perfectly* aware of what she was doing and while a bit tipsy, it was not enough where it would affect her mental faculties.

Emboldened by me returning her affections, Shizuka maneuvered herself and straddled my lap with my hands coming to rest on her perky ass drawing a deeper moan from her.

“Mmmn Akari-kun~ Please take mee~” She moaned sweetly with one hand unwrapping the towel around her body leaving her naked and the other pawing at my shirt in a signal for me to remove it.

“If this is truly what you want.” I smiled into the kiss before pulling away getting a whine from her as her lips tried to follow mine only to pause and let out a lewd moan as my hand squeezed her left breast.

“Mmnaa~ Moore~”

“Hmhm you sure are needy, aren’t you?” I teased as I quickly took off my blazer followed by my shirt to her delight as her hands immediately started caressing my chest.

“This will be our little secret okay~?” Shizuka smiled flirtatiously as she looked at me with hooded eyes and started peppering my face with kisses. “I just can’t help myself around you. There’s something about you that is just so *irresistible*~”

“Thank you for the compliment.” I smiled before standing up with her still in my arms getting a cute yelp from her before she wrapped her long legs around me.

Turning around I set Shizuka down in the middle of the bed before pulling her in for a kiss that she gladly returned as I finally let my hands wonder down her incredible body.

“Mmm aaah~ Akari~ Please hurry~ We might be interrupted by the others~” Shizuka let out through hot pants as I kissed my way down her neck and to her giant breasts which were bigger than Tsunade’s by 2 cm at 108.

“There’s no need to rush.” I muttered taking one of her nipples into my mouth as I played with her other breast. “We have *all* night.” I reassured but not telling her that my other self would make sure there were no interruptions.

My answer didn’t seem to help even if she started asking for more and shoving my face closer to her nipple. Faced with such circumstance I decided to try something new.

Pulling away from her, getting a whine of disappointment from the blonde I stood up for a moment and quickly took off my pants and boxers before laying down next to Shizuka to her slight confusion.

Smirking at her I manhandled her until she was on top of me with her face millimeters away from my throbbing dick and my own face only a little further looking straight up at her leaking and puffy lips. Or in the classic 69 position.

A moment later Shizuka’s brain finally caught up to the rest of her body and I heard her let out a gasp with her hot breath making my dick twitch. “Oh my~ You have a beautiful cock Akari-kun~ It’s nice and fat ‘lick’ and especially biig~” She punctuated each word with a lick.

“Why thank you Sensei~ Now enough talking and put that mouth and tits of yours to use~” I said a little authoritatively making her shiver and immediately following my instructions.

“Y-Yes~”

Feeling my dick get wrapped up in her massive knockers was a pleasant sensation especially as she started licking and sucking what her breasts couldn’t cover.

Focusing on my own task I lowered her hips and started gently licking around her labia for a moment before running my tongue over her lips causing Shizuka to hum around my dick making the blowjob more pleasurable.

“Hmmm~”

=====

Unbeknown to my parallel selves, too busy as we were, Ciel and Shizuka were not the only ones that confronted me tonight.

At the top of the stairs, I had run into Rei who had looked at me with a drunken blush on her face before grabbing my hand and leading me to another room ignoring my questions. I had been forced to make another parallel version of myself discreetly before Rei locked the room behind us and thrown herself into my arms kissing me as if her life depended on it.

Before we knew it all of our clothes had been discarded and I had Rei on all fours as I pumped away at her with reckless abandon while she moaned and asked me for more.

“Plaf, plaf, plaf. F-Fuck. Your pussy is amazing Rei.” I grunted as I spanked her right cheek getting a moan from the spunky brunette. “If I didn’t deflower you myself, I would have taught that you weren’t a virgin just a while ago.”

“Mmna aah fuck me harder you bastard~ Make me forget about this shitty day and replace it with thoughts about your dick~” Rei moaned with her tongue rolled out of her mouth and looking back at me with egging eyes.

“Leave it to me~”

=====

In another part of the house, the laundry room to be exact, was another one of my parallel selves pounding away at another brunette with dark red eyes.

Only this time it was an older woman with mature curves and a pair of glasses on her face as she pushed my head to her chest while moaning in my ear.

The form of Kyoko Hayashi sat in a washing machine with her white coat discarded and her gold shirt pulled down revealing her perky breasts as I did my best to mold them with my hands and fingers. Her skirt was also pulled up and her purple thong was pulled to the side as I hammered away at her while she wrapped her legs around my waist not letting me escape.

“Yes! Yes! Fuck me harder! Aaah~ This is exactly what I needed to take my mind off everything that’s going on outside~ So fuck me! Fuck me to your heart’s content Akari-kun~” Kyoko yelled at the top of her lungs not caring about being overheard as she moved her hips in time with mine.

“Hahaha what is it with older woman being so kinky~” I smirked into her breast biting her nipple. “Is it your biological clock perhaps ticking away.” I asked teasingly never stopping my thrusts.

“S-Shut up and fuck me!”

'So, it is.'

=====

In yet another part of the house, the second bathroom to be exact and one only having a toilet, was another parallel version of myself.

Saya was bent over the toilet butt ass naked with her legs spread and moaning loudly as our hips met again and again.

"Wow, who knew that the prim and proper Saya would choose a tiny bathroom of all places to have her way with me." I teased grabbing Saya's ponytails as handles and moving my hips even faster.

"S-Shut up~" Saya just managed to get out as she moaned nonstop with her tongue hanging out of her mouth. "Y-You better mmna not t-tell anyone about aal this! Or else~"

"Hmhm or else what?" I asked never letting up watching with rapt attention Saya's reflection in the mirror and the way her breasts bounced all over the place. "I wonder what your mom would have to say if she knew about this~?" I smirked when I felt Saya tighten up around me and cum at those words.

"N-N-Nuuuuuu~ Don't tell mommmmyy~" Saya moaned deliriously the words clearly having an effect on her.

"It's alright. Your mom can even join us next time~" I teased implanting the image into her mind of a three-way between us feeling myself get harder at the idea of her hot milf of a mom.

"Nooooo~ She caaan't~ I don't want her to see me like this~"

"Don't worry she will be too busy moaning over my cock as well~" I laughed in delight honestly looking forward to meeting Yuriko.

=====

"Aah~ Aaah~ Harder~!"

The sounds of flesh meeting flesh came from the kitchen this time as I railed Saeko over the counter, the food she was preparing all but forgotten off to the side.

This time around Saeko instead of being sneaky like the others had straight up asked me if I wanted to have sex with her after I chatted with her in the kitchen for a few minutes. The girl was not even a bit tipsy.

I think my very obvious boner might have played a role now that I think about it though. But what the fuck was I suppose to do when the first thing I see upon entering the kitchen is Saeko bent over the counter dressed in only a simple apron and a thong that hid nothing of her perfect ass to my eyes? That on top of knowing what my other selves were up to?

Was I supposed to just ignore her and pretend that I don't have eyes, eyes that could perfectly see her own arousal leaking down her legs?

Fuck no!

As a straight, virile young man, I of course had taken her on her offer immediately and here we were.

We were standing face to face with me in between her thighs, holding one of her legs in the air as I thrust up into her hot and tight pussy that was all but drenched in her juices.

"D-Damn Senpai, you're practically leaking on me right now. Did fighting and killing all those undead really turn you on so much?" I grunted as I sucked on her tender neck sneakily calling her out on her hidden sadism.

"A-Aah S-Saeko. Please c-call me Saeko, Akari-kun~" Saeko moaned into my ear holding my head tenderly as she rocked her hips in tandem with my own.

"Fine, Saeko then." I agreed easily kissing up to her neck before pulling her in for a tender kiss that she returned happily. "Are you going to answer me? I won't judge you know." I encouraged backing away a bit and looking her in the eyes as her hot breath hit my face.

"I-I knew from the moment you first showcased your skill with a blade that I wouldn't be able to hide that part of me from your keen eyes aahh~" Saeko finally revealed as she held my cheek tenderly and brought me into another kiss.

"However, I was p-pleasantly surprised aah~ when I witnessed your actions on the bus towards Shido-senei~" Saeko stopped and asked me to fuck her harder which I complied before she continued. "Watching your cold and emotionless eyes as you cut off his hand brought me no small amount of happiness~"

"Hahaha I see now, so you like hurting others." I said with no judgement in my tone and leaning into her ear and whispering into it causing her to shudder in pleasure.

"Y-Yess~ I-I'm a killer. I've killed before~ It was in self-defense but I enjoyed it~ I enjoyed causing him pain~" Saeko moaned before biting my neck as her body was hit with another orgasm. "That's the true nature of Saeko Busujima~"

"I-I've despised myself all of this time for this nature of mine but seeing you and how you easily resorted to violence brought those emotions back~" She went back to moving her hips even faster than before almost desperate to make me cum.

"It meant that you weren't the only one~" I continued for her going back to looking at her face to face and enjoying the way her face and body contorted in pleasure. "That you weren't alone."

"Y-Yessss~ That's exactly it~" Saeko just barely answered her words starting to come out in slurs.

"While I wouldn't say I enjoy hurting others for sport," I murmured against her lips, each word threading between the heat of the moment, "I've killed before."

She shivered at my confession, the motion rippling through her body as my movements slowed to a deliberate pace much to her frustration, judging by the low whine that escaped her.

"Hundreds, thousands. I've honestly lost count. So yes... I can somewhat understand what you're feeling." I leaned closer, letting the weight of my truth settle between us. "And let me be perfectly clear, Saeko..."

Her breath hitched, eyes flickering with raw anticipation as she held herself still, waiting.

"I don't see you as dirty or broken. You're genuinely one of the most remarkable women I've ever met. If you're searching for a reason to keep going, then live for me. Hurt, kill, survive... just promise me you'll spare the ones I hold close."

Her cheeks reddened despite everything, her body caught between embarrassment and arousal.

"So go ahead, and kill to your heart's content," I whispered, voice low and unwavering. "Just remember, no matter how far you descend, I'll never think any less of you. That is... if you trust the words of a fellow killer." I added with a teasing smirk.

With those words my hips started moving again causing any response from Saeko to die on her pouty lips as she let out the loudest moan yet and cummed again.

'Haha don't worry Saeko, you'll find that you're not the first sadist in my harem and you definitely won't be the last.'

=====

"Harder Akari-kun~ Fuck me harder~" Shizuka moaned like a whore as I pile drove her into the bed.

“Fuck! I just can’t get enough of you.” I grunted speeding up my thrusts. “Hey Shizuka, this friend of yours whose house were using, is she hot?”

Shizuka took a bit to answer too lost in pleasure so I gave her ass a good smack waking her up. “Aaah~ D-Do you mean R-Rika-chan? O-Oh! Do you want to fuck h-her too, Akari-kun~? I’ll help you~ Rika-chan is really pretty so I bet you will really like her.”

“Good, then make sure to help me out when we meet her. I want to fuck you two side by side.” I demanded and let myself cum flooding her already full baby maker before manhandling Shizuka into all fours and sliding back into her ass gain.

“Aaah~ Y-Yesss~ I pwomiss~”

=====

Walking out of the passed out and cummed filled forms of Yuuki, Misuzu and Niki I finally let myself relax after the wild night I just had.

In one day, I had managed to bed 9 women almost at the same time. A new record for sure.

Making my way to the second floor I let myself out on the small balcony, with my eyes zeroing in a few houses down on a small pink-haired girl currently asleep hugging a teddy bear unaware of the fate that awaited her in the future.

“Haah, I just hope the girls back home won’t tear me a new one once they find out of all the sex I’ve been having lately. Especially Velgrynd and Velzard.” I let out a shiver feeling both incredibly cold and hot at the same time.
