Don Greger

EXT. SPACE PLANET - DAY

Elon MUSK and Joe Rogan (JOEY) are on a planet where space weed grows. They're wearing astronaut outfits. Musk has a BABY in a vat strapped to his chest.

MUSK

We have to get this space weed to the International Space Station to cure coronavirus Joey. Even though coronavirus is fake but they won't let me microchip my son's asshole without curing it first so whatever.

BABY

Chip me father.

MUSK

We have to cure Coronavirus Joe!

JOEY

Oh *shit*.

MUSK

We were the last astronauts on earth Joey, all the other ones got Coronavirus. Thankfully you kept these space suits in your studio. That was good thinking Joey.

JOEY

But Musk, what does the ISS have to do with the virus?

MUSK

You're an idiot Joey, you think they just built the ISS to like, float around? No, dumb. It's an atmospheric blanket-array aerosolization device!

JOEY

That's crazy.

MUSK

Shut-up Joey. Shut up. You're stupid.

Musk slams a plunger onto Joe's head and slaps him.

MUSK (CONT'D)

Your head is fat but there's nothing in it Joey.

(MORE)

MUSK (CONT'D)

You're like an overripe tomato. Too much TRT Joey. You're stupid.

JOEY

(sad)

Oh...

MUSK

Here hold the space weed. This is the last space weed plant. Don't smoke that Joey. Don't smoke the space weed Joey. I gotta go deactivate the 5G towers but I'll be back. Don't smoke that Space Weed.

Musk disappears through a portal. Joe stares at the space weed.

JOEY

Oh fuck.

Joe smokes the space weed and it turns him black. An afro springs up and pops the plunger off his head. Musk returns.

MUSK

Oh no, you smoked the space weed and it turned you black! It turned you into a little black Joe Rogan!

JOEY

Oh shit! Dawg!

MUSK

Here! Quickly! Scrub it off!

Elon gives Joe a sponge. Joe starts scrubbing. Some cops show up. AL and BRAD.

AL

Hey what's going on here...

JOEY

Shit! Shit! Shit!

MUSK

Quick Joey! Before it's too late!

Joe starts scrubbing more vigorously.

AL

Hey, that's an interesting accent you got there friend...

MUSK

Uh yes I am from South Africa but I am a US citizen.

AL

You hear that Brad? Looks like we got a couple African Americans.

MUSK

Run Joey! Run! You should be faster now!

Brad lowers Al's gun.

BRAD

Wait, isn't that Kevin Hart?

AL

Who's Kevin Hart?

BRAD

He's a comedian.

AL

Well, the only comedian I listen to is Brendan Schaub. Did you hear Brendan Schaub just put out a new comedy special and its already number one on Netflix!

JOEY

Wow really? How didn't I hear about that!? I mean I'm not surprised, he was a great fighter and he's an even better comedian.

MUSK

Jesus christ alright.

Musk hits a button on a device. Reality falls away. It was all a simulation.

JOEY

Huh? Wha?

Joe pats his head where his luscious afro used to be.

MUSK

It was all a simulation, it wasn't real Joey, you're an idiot! I was testing my new simulation technology, trying to see how far I could push it before the average person became wise.

(MORE)

MUSK (CONT'D)

But you let me take it so far Joey.  
You thought all of that was real  
the whole time? You're too dumb  
Joey, this data is uselss. I'm  
going to have to throw this all out  
you dumb stupid bald bitch.

BABY

Retard.
