## Chapter Seven

Her words gave me very little pause, I started to slowly creep forward, being drawn to her like a moth to a flame.

“Ryan...” She cooed as I stopped just short of her bent over body.

Standing near her body, I could see just how massive her ass had become, her cheeks were wider than my entire torso, the shelf she and now, I could rest two palms on it. It was absolutely insane and only seemingly getting more insane with each passing hour.

“I’m... so big now...” She said dumbly, like she was lost in her own mind as it had unravelled throughout the day. “How... Fuck!” She jumped on her heels and her giant butt bounced.

The sensation of her fat ass bouncing and wobbling made her gasp in pleasure, I knew she was obviously enjoying herself, I was losing any last semblance of willpower now, her ass was just too captivating to me.

“Please... Ryan... I need you to touch it... I’ve seen the way you look at

it...” She paused, catching her breath. “I bet you love just how big it is now... Don’t you...”

Louise took my silence as confirmation. She wasn’t wrong to do so.

“This has got to be the fattest ass you’ve ever seen...” Louise was certainly feeling herself as she was getting very turned on either from the sensation of her expanding ass or the reaction I was giving her. “Touch it...”

I didn’t need to be asked again. I reached out and felt her firm cheek in my palm. My hand obviously far too small to cover even 10% of the globe that was her ass cheek. I was shocked at just how firm it was, despite the obvious jiggle to it when she shook her hips. It was like her ass was overfilled, all her fat being pumped into it, so the skin was taut. This is what I imagined a BBL would feel like. I tried to squeeze with my fingers, but the resistance was incredible, it made my dick swell in my pants.

Louise was moaning as my hands were exploring her newly fattened ass. I let out a gasp as I felt her push it out more, she was desperate for more contact, more feeling, she needed it.

So did I.

I pulled my hand back for the briefest of seconds and I swung my hand the few inches I had drawn back so that my hand collided with her ass, the clap sent a shockwave of ripples over her firm cheeks and because of the tight latex on her body it made a huge noise that filled the now empty store.

Louise moaned loudly, her legs shook, and she buried her head down against the counter.

I slowly slid my hands around her wide spanning butt cheeks and held them on the side. I had control of her lower half now. I pulled her closer and her ass collided with my hard cock in my pants. There was no way she couldn't feel the desire I had for her, my cock flexing and swelling against her firm rear, she started to gyrate and grind to further stimulate my enjoyment.

“L-louise...” I panted.

Louise was far gone, too far, she was just grinding and resting her head against the desk. I pressed my hands firmer into her butt, and I heard the latex give way again, splitting more as she moved her butt.

My fingers dug their way under any fabric I could, and I tore off the costume. How I had yearned to see what Penny's ass would've looked like bare and naked in that panel, not just the fan art, but a real look. I was living that fantasy now.

“Oh, my fucking god... Louise... You're so fucking big...” I moaned as I pressed my still sheathed cock against her naked ass.

“I- I- know-” Louise panted.

*It's perfect.*

I pulled her tight so she couldn't move or gyrate, I just wanted to revel in the size of her for just a second.

*And...*

I could feel something, her butt was warm, getting warmer, her skin was feeling less like it was yielding to my fingers, each second I could feel it becoming firmer.

*Growing...*

Somehow, I could feel it, the slow and steady build up of her butt growing against my hands and cock.

*How is this possible?*

I didn't care, I didn't want to know, I just knew I needed more stimulation than I had right now. I pulled back and finally pulled out my cock. Louise couldn't see but she knew what was happening.

I rested my dick on her shelf of an ass and gave her another spank.

"Louise... I need you..." The desperation in my voice was palpable.

Louise lifted her head up for the first time, there was an awkward and uncomfortable silence.

*Had I gone too far?*

Louise stood up, her movement meant her butt moved away from my cock and I stood there holding it in my hand, it felt like a nuclear rod with how hot it felt.

Turning around, she was in her mostly destroyed suit, and she looked at my throbbing dick in my hand and she looked me in the eye.

The inner conflict was evident on her face, she wanted it so bad, but she didn't feel this was right, there was something wrong about it. She was too turned on to think.

"I..." Her eyes lowered to my dick again and she gasped. "I don't think..."

I waited patiently, knowing full well I wanted to tear the rest of her costume off and fuck her senseless right here and now.

“I don’t think it’s a good idea...” Louise moaned; sorrow oozed from her words as she clearly knew she was turning down something she so desperately wanted. “Not right now...”

I nodded. Fully respecting her wishes I started to tuck my cock back into my waistband.

She reached out and held her delicate hand on my wrist, stopping me.

I looked down to confirm what I felt was real and then followed her arm back up to her beautiful face. Her cheeks were bright red and there was sweat on her brow. She was biting her lip; Louise wasn’t even sure why she was stopping at that very moment.

“I’m...” Stammering she paused, her hand not leaving my wrist. “I’m sorry... I umm...”

I reached out, resting my hand on her chin. “It’s okay.” I reassured her.

“I’m a virgin.” She told me.

*Really?*

A woman as beautiful and hot as her, even before she grew this massive ass, there was just no way.

“I... I just want my first time to be special...”

Thinking back to how good of a tease she was, how much she was flaunting her goods, the confidence that oozed from her. It brought me right up to the edge, this point here, right where we could’ve actually fucked and this is where it fell down. I was not about to ruin any chance we had at something more than work colleagues so there was no way I was going to go against her

wishes, I was just stunned.

“I understand...” I said softly. “But... What’s this...” I gestured my head down to her hand.

“I... I don’t want to stop... But... I do... And...” She was struggling again.

“We should stop. Honestly, it's fine.” I again reassured her. “We will do it right. Not just in the shop like this.” Words were coming easy because it was how I felt, I genuinely wanted her to be happy and for us to have a chance to work.

“But I worked you up so much... Look at you...” Her finger traced down the back of my palm and she danced a little circle around. “And you are being so understanding and kind... Maybe I could do something... Just a little something for you...”

My interest was piqued; my cock bulged in my hand.

Louise didn’t say anything, but she turned around and looked over her shoulder to me. “Rest it between my cheeks... I want to feel how much I worked you up...”

The teasing girl was back; the juxtaposition was slightly jarring but I wasn’t about to complain. I moved my dick towards the valley between her cheeks, resting it up the crack and without warning I felt her spread her ass cheeks open and clamp down on my dick. The tip of my dick was barely showing out the top of her butt and I had to grab onto the counter to keep myself upright.

“This... This feels nice...” She cooed.

I joined her hands on her giant ass and pressed our fingers into her massive butt, feeling how her ass swallowed my dick even more.

“You’re not going to cum... Are you?” She moaned softly. “Does my ass do that to you?”

I looked at her wide eyed.

This would be the closest I have ever come to orgasm without any real stimulation, I didn’t want to cum, I knew her wishes and I didn’t think this was one of them.

“You can...” She gave me permission. “I think it sounds so hot actually... You cumming to just my ass... I’ve barely touched you... And you’re going to cum for me...” She teased.

I was losing it, her words, her permission, her fat ass and how it was getting tighter and tighter from her pressing down.

*Wait.*

She wasn’t pressing down.

*She’s growing again.*

As if reading my mind “Do you feel it?”

I acted dumb and raised an eyebrow.

“I’m getting bigger.”

I was going to cum.

“Do it Ryan, cum for my growing ass.” She said so nonchalantly, like asses growing was a normal occurrence. “Show me how much you love my giant ass.”

“FFFF!” I grit my teeth, my cock couldn’t take anymore, I thrust my hips once and I exploded, deep in the cavernous depths of her cheeks.

Louise moaned and smirked at me, clearly enjoying how she made me cum with so little stimulation. “Good boy...” Her words were heavy with lust. “Maybe next time you can do that inside...” She cooed.

*Fucking hell...*
